MAN is reaching into the universe. It is the dawn of a new era which has been termed the Golden, the Dynamic, the Soaring Sixties.

The Sixties promise answers to some of man's most puzzling questions. But they also present a new series of questions. Now that man has the capacity to destroy the world, can he prevent war? Can he meet the social crises which ferment among the races of the world?

Clearly, in this decade of the Soaring Sixties, man is faced with important and difficult decisions. He must make them wisely and deliberately for, as never before in history, they will decide the fate of the human race.

Who will make these decisions of the future? They should be men who are firmly founded in sound philosophic ideals and spiritual principles, men who are endowed with the strength of the new ideas which are born of research. They should be men who provide leadership for the organized effort needed to meet the problems of the decade. They should be men who strive to apply the world of ideal to the world of reality.

Men such as these must be found not only in the scientific ranks and in the political and diplomatic fields but also among the intelligent public.

The education of such men is the aim of Marquette.

DEDICATION

IN 1914 four young men were the first recipients of Marquette bachelor degrees in journalism. One of them was Jeremiah L. O'Sullivan, who in later years was to return to Marquette as Dean of the college of journalism.

Dean O'Sullivan was born in Hutchinson, Kansas, in 1894. He was educated at St. Benedict's college, Atchinson, Kansas, and Marquette University.

After graduation he became a reporter and later city editor of the Milwaukee Sentinel. He left the Sentinel in 1916 and joined the United Press wire service. During his eight years with United Press, the Dean worked as division chief of its Kansas City and New York City bureaus. One of his functions during his days as division chief was to hire and train beginning journalists. It was through this experience that the Dean developed a growing desire to teach.

In 1924, he offered United Press a terse resignation: "Hours too long. Wages too low. Life too short." Shortly thereafter, he joined the Marquette journalism faculty and in 1928 he was named Dean of the college.

When Dean O'Sullivan took charge of Marquette's journalism college he began to implement his bywords as a professor: Truth, Competence, Compassion.

With a booming voice and abundant good nature, the Dean introduced students to the principles of truth and to the skills which lead to competence. There was even a course in compassion. The Dean provided that important lesson by his own good example. Many former students, now eminent in the field of journalism, can recall how they were helped through the difficulties of their undergraduate years by an encouraging word and a few dollars for book fees from the Dean's own pocket.

In nearly four decades as an educator, Dean O'Sullivan has maintained his firm belief in the importance of journalism education to democratic society.

"We are not going to have a good press in this country without good schools of journalism," he has said, "and if we don't have a good press, then society, as we know it, is going to end."

The Catholic press has always been a special interest to the Dean. He has worked for its improvement, often pointing to its deficiencies.

He has reached numerous Catholic students and educators through the Catholic School Press Association which he organized in 1931. He continues to direct its work from headquarters at Marquette. Dean O'Sullivan also organized the institute of the Catholic Press in 1948 as a research division of the college of journalism.

In his 37 years of service to Marquette, Dean O'Sullivan has merited the acclaim of the Catholic and secular press alike. He has served as president of the International Union of Catholic journalists and of the American Association of Schools and Departments of journalism. He was selected to gather exhibits for the World Congress of the Catholic press at Vatican City in 1937 and in 1938 was awarded a Papal medal for his Catholic press work.

A cursory survey of the accomplishments which merited these distinctions shows that Dean O'Sullivan has been alert in initiating and in adopting improved methods of journalism instruction.

Thus, in this year marking the 50th anniversary of journalism instruction at Marquette, we respectfully dedicate the 1961 Hilltop to Jeremiah L. O'Sullivan, a dean of American journalism education, an inspiring example to his students, an apostle of the Catholic press, and a man of distinction within his profession.

UNIVERSITY

A CLEARLY defined plan for the decade of the Soaring Sixties was adopted by Marquette University in November, 1960. This is the Marquette Plan which calls for \$45,000,000 within the next ten years, a plan that will further Marquette's commitment to intellectual and moral excellence.

Two facets of the plan are faculty enrichment and research. Both will play a major role in determining the quality of education in the Soaring Sixties.

The faculty forms the core of a college or university. They are the ones who set the criteria of excellence for the school, not the campus facilities, nor the athletic teams. They are the ones who direct the education of the whole man, who give life to the textbooks, who advance as well as communicate knowledge.

Marquette recognizes that the quality of its faculty ultimately determines the excellence it can achieve in the next decade. During the next ten years, Marquette must retain its present educators and attract young talent to the faculty. The Marquette Plan calls for \$3,000,000 in the next five years to further this aim.

Research is one of the most important activities of a college or university. It is one which is constantly encouraged, as much on the part of the undergraduate and graduate student as on the part of the faculty. Every university strives to create an atmosphere of research.

Marquette is no exception. The Marquette Plan calls for \$10,000,000 to be used in research programs and projects during the next decade. The university now receives about \$1,000,000 each year from various government and foundation grants in support of its program of faculty research.

If Marquette is able to carry out these facets of the Plan during the Soaring Sixties, education will also soar.

Henry Steele Commager, historian, voiced Marquette's hopes this way: "If we plan wisely now, education may become the chief preoccupation of our society. It is hard to think of a better one."

Graduate School

In a recent interview, Fr. Lawrence W. Friedrich, S.J., Graduate school dean, said, "Graduate work provides a much deeper understanding of the facts in a field of study, a real introduction into high level scholarly work, and training in the techniques needed to make new contributions to the fund of knowledge."

Accordingly, the Graduate school supports *research* projects throughout the university. This year approximately \$10,000 was given by the Graduate school to people beginning in the research field. Projects are as varied as the branches of knowledge. A research project in the psychology department studied the effects of music on the emotions. A chemistry department project studied boron hydrides.

Government agencies and private corporations have been responsible for more than \$1,000,000 in grants to the Graduate school. In March, the National Science foundation gave the school approximately \$3,000 to support scientific research.

Business Administration

Milwaukee was chosen as the site for several *research* studies within the College of Business Administration because it is a "typical" city. The Eliot Fitch foundation awarded the school \$10,000 to study industrial location factors in Milwaukee. An \$8,500 grant from the Domestic Engineering corporation was used in a study of local institutions concerned with housing and feeding facilities.

The Metropolitan Study commission gave the college \$5,500 for a study of industrial growth and the anticipated economic gap between receipts and expenditures of local government. State and local financial relationships as to shared taxes and aids were studied.

Dentistry

A \$30,000 grant by the United States Public Health service in January, 1961, was made in support of dental *research*. Specifically, the grant called for an investigation of the antigenic composition of saliva. The same firm also awarded research fellowships to a group of dental students. These fellowships give dental students an opportunity to explore the research fields under the guidance of research workers.

A four year experimental program in dental *education* was inaugurated in 1959. This was made possible through a \$80,000 grant from the United States Public Health service.

Engineering

In September, 1960, the National Science foundation awarded the department of electrical engineering \$21,500 for a two-year program of *research*. The research topic was the interaction of strong electric fields and fluids in motion.

At the same time, the department of mechanical engineering was given \$15,300 for an eighteen-month program of study on the stress distribution of various plastic materials.

A local industrial firm made a \$5,000 grant last year in support of a research project in engineering. The grant was to provide salary and tuition for a graduate assistant assigned to the project.

College of Journalism

Copus Hall, College of Journalism

A \$10,000 Andrew Hamilton award by an anonymous donor in 1959 made possible an annual eight-week tutorial program for a journalism faculty member and a senior student.

The senior, selected by the faculty for his demonstrated scholastic ability and promise of leadership, does *research* in a journalistic field of his choice under the guidance of a faculty member.

The Lucius Nieman Chair of Journalism, a permanent professorship, was established at Marquette in June, 1960. The Chair was made possible under a \$300,000 bequest. Its purpose is to assist Marquette in maintaining an outstanding journalism *teaching* program.

Law

Law Review publications constitute the sole outlet for legal *research* in the country. In accordance with this idea, the Marquette *Law Review* has as its primary purpose the publication of articles representing legal study. The *Review* presents the writing of students, faculty members and professional lawyers.

The Dean's advisory council is composed of a group of outstanding seniors who meet regularly with Dean Seitz to discuss problems within the school. In this way, a close rapport is established between the Law school *faculty* and the students.

Liberal Arts

The majority of grants made to the College of Liberal Arts are for *research* in the field of science. The departments of chemistry, physics and biology receive numerous grants each year. Research subjects have included embryonic development, electron microscopy, ocean fish and the immunological factors of cancer.

The psychology department has also received several grants. The most recent one was a \$5,700 award from the National Science foundation for basic *research* on the effects of muscular tension on human learning.

Several direct grants have been made to Marquette which could be applied toward operating costs, research, libraries, salaries or buildings.

Medicine *

Grants for *research* and *training* in medicine totaled over a half million dollars during the first half of this school year. Included in this amount were grants for senior research fellowships as well as those for graduate and faculty research.

Nearly all of the grants were for specific fields of study. Heart, circulation, physiology, cancer and preclinical science were the subjects of recent awards from civil and private agencies such as the American Heart association, the United States Public Health Service and the American Cancer society.

A \$350,000 endowment established a full-time Chair of Medicine at Marquette in 1957. The purpose of the Chair is to maintain Marquette's outstanding medical *teaching* program and to improve patient care and clinical research.

Nursing

The United States Public Health service gave a grant of \$118,000 earlier this year to provide scholarships for professional nurse trainees. Candidates for these scholarships were regular professional nurses who were seeking advanced preparation in public health nursing or in teaching.

A second grant was made by this same firm for \$15,000. Its purpose was to explore means to integrate mental health concepts throughout the curriculum. Thus far, the *research* under this grant has been done by psychiatry specialists.

Speech

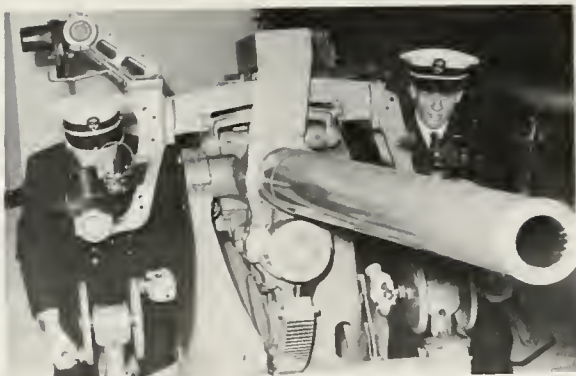

The Speech school, while not the recipient of any direct grants, has nevertheless initiated a modified program of *research*. Closed circuit television teaching has been experimented with in the past year. The results of the experimentation will be published and made available to the university.

Evaluation of a therapy program for stuttering defects was conducted by one of the speech professors. He intends to incorporate the results of the program into a book.

The Speech school also conducted a program whereby it investigated itself. A staff committee under the direction of a Speech professor studied the grading habits of instructors in the basic speech courses.

NROTC

**Col. Edward G. Kurdziel, U.S.M.C.
Commanding Officer**

The Marquette unit of NROTC was established in 1940. Naval cadets can attend school under one of two programs—either as a midshipman in the Naval reserve or as a contract student.

The Navy pays for the tuition, fees, books and laboratory expenses of a midshipman for four years. In addition, a midshipman receives a retainer pay of \$600 per year.

Contract students do not receive these benefits but do receive about \$30 per month for their junior and senior years.

Practice cruises are held each summer. Upon graduation, students are commissioned either in the United States Navy or the Marine Corps.

AROTC

Lt. Col. Leonard F. Griffin, U.S.A.
Commanding Officer

AROTC was established at Marquette in 1951. The course of study is divided into two-year periods of basic and advanced training.

Students in basic training attend classes three hours per week and are granted two hours of academic credit per semester.

Those students selected for advanced training attend classes five hours a week and receive three hours of credit a semester.

Upon completion of the advanced course which includes a six week summer camp session between the junior and senior year, a cadet can be commissioned as a member either of the regular army or the reserve component.

Continuing Education and Summer Sessions

Brother Leo V. Ryan, C.S.V.

Carpenter Hall

More than 250 credit and non-credit evening courses, and over 350 summer school credit courses, plus scores of institutes, workshops, conferences and individual lectures during both the regular school year and the summer are offered in the adult education program.

Brother Leo V. Ryan, C.S.V., has been director of the Division of Continuing Education and Summer Sessions since 1959 when it was established.

Brother Ryan believes that a university's adult education program should be strongly weighted on the side of the humanities.

"A continuing education program," he said, "ought to provide an opportunity for the serious, mature adult to broaden the horizons of his learning, to enrich the background he already has—frequently it is a professional or quasi-professional background—and to deepen his knowledge in the liberal arts."

Among the services that adult education at Marquette embraces are refresher non-credit courses offered in the professional schools, non-credit courses in general education, evening credit courses, area studies programs, the reading center and clinic, international and national study tour programs and individual lectures and conferences.

Non-credit studies are offered in an almost infinite variety of both subject matter and format. This year a number of special lecture programs were included. "Christian Thought and the Modern World" brought six lectures on subjects such as psychiatry, liturgy, Scriptures, evolution and religious symbolism as these are related to the realities of the contemporary world. "Politics 1960" presented University political scientists and national political figures in an eight-week discussion of the 1960 Presidential campaign.

Alumni

The Marquette Alumni Association includes all graduates and former students of the university who have completed at least one year of college work. Its activities include class reunions, clinics, dinners, luncheons and homecoming.

"The main idea of the Alumni association is to keep graduates interested in their alma mater and aid them in living their lives," according to Ray Pfau, director of alumni relations.

"We manage to keep in touch with most of our alumni," Pfau said. "We have two main channels of contact. One is the great abundance of alumni clubs in cities around the United States and in foreign countries."

"Our other channel of contact is through the publications of the Alumni office," said Pfau. "We send out an alumni newsletter or a magazine every month."

Alumni groups have been organized in approximately 40 communities throughout the country as well as in Puerto Rico and Hawaii. Most of these groups have at least one meeting a year.

There are over 33,000 members in the association.

ORGANIZATIONS

THE TOOLS of destruction have been sharpened. In the future it is conceivable that one man might push one button and set off a chain reaction holocaust, ending civilization.

As genocide becomes simpler, the problems of peacemaking become more complex. Diplomatic negotiations at the international level require groups of intelligent, informed men who, if they are to be successful, must crack the barriers of conflicting ideologies and interests. The future of human society depends upon the effectiveness of these groups.

The diplomatic corps performs international good; however, there is also need for organizations which perform national good.

The many branches of government at all levels must be made more effective in the future. Watchdog groups such as medical and legal organizations must continue to define ethics within their professions. Religious groups are and will be needed to remind men of the purpose of man's existence and his need to rule humanely if he is to preserve a society worth preserving.

Organizations at Marquette teach students to utilize unique individual talents to further a group purpose. That purpose might be to put a political party in office, present a flawless dramatic performance or further the ideals of the professions through student publications.

Through these organizations it is hoped students will learn leadership and gain an appreciation of effective group efforts which they will apply when they leave Marquette. It is further hoped that they will become leaders in their communities and more effective citizens of both their community and their country—the kind of men needed in the crucial future, the turbulent, dynamic Sixties.

Bob Weisham, Jim Murtaugh and Denny Gensch reviewed notes on this year's college debate proposition: "Resolved: that the United States should adopt a program of compulsory health insurance for all citizens."

The 1960-61 debate team, with about 20 members, participated in debate tournaments throughout the country. Several highlights of the season were the National Invitational Debate tournament at the U.S. Air Force academy in Colorado, the intercollegiate debate contest in Kentucky and the public debate in the Marquette Union where Marquette debaters defeated a team from Northwestern. Joseph B. Laine, debate director, called this year's team "the best overall squad we've had in my six years' experience here." The debate program is open to all full time undergraduate students. Positions are awarded on a tryout basis.

Debate

Debate coach Terry Ostermeier (second from right) gave debating tips to Denny Gensch (left), Bob Weisham and Jim Murtaugh.

Radio-TV

Mike Johnson and Jim Ward read a script while Sandy Simanick provided sound effects.

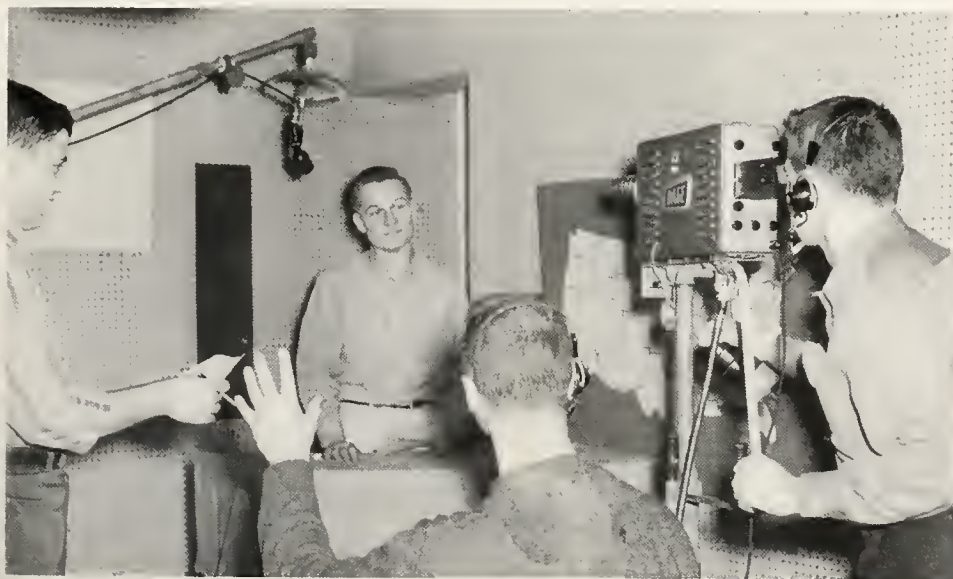

Fred Van Remortel, Sindy Simonick, Mike Johnson and Dick Long discussed radio and television techniques. The radio-TV workshops were utilized in the curricula of the Speech school.

Workshop

Stephen Lombordi and Laraine Valerian learned the technical aspects of radio and television production as they made instrument adjustments.

Stephen Lombordi (left), Ralph Eckoff (foreground) and Gregory Gorok (right) helped put Bob Pirsien on the air. The television workshop gave students the opportunity to produce, direct and stage their own shows.

SENIORS

"The new society that technology is building demands a grasp and competence among the mass of citizens undreamed of in earlier civilizations."—ADLAI STEVENSON

THE INITIAL impact of the Soaring Sixties upon the college graduate will be felt most keenly when he seeks a job. In many cases, the job will have sought him before graduation. An accelerated industry talent search is offering graduates excellent job opportunities in many fields.

Demand is great for physicists, chemists, mathematicians and other technicians of the space age. Dentists, doctors, lawyers, nurses and teachers continue to be sought, with schools unable to graduate as many replacements as are needed.

There is also an increasing demand for engineers. Further, there are many openings for college-trained accountants.

Job recruiters are concentrating on quality, searching for the students with the best grades. Clearly, the value of college education has not depreciated. Indeed, it is more precious than ever before and, from all indications, a degree will increase in value as the Sixties continue to soar.

But along with specialization, job recruiters are seeking those with the broad background of a liberal education which cultivates the thoughtful, informed man upon whom a democratic culture depends so much.

This liberally educated man has come to be the symbol of Western society, for he is the symbol of freedom.

Thus, despite pressure from all other interests, the colleges and universities of the country must find time and space to continue to produce this man.

The Soaring Sixties present distressing problems. More than ever before, the solution of these problems demands a grasp of man's nature and his world.

Leadership of the future belongs to the university-educated man.

Donna Katt, Graduate student, examines a specimen in morphology of plants lab.

Graduate School

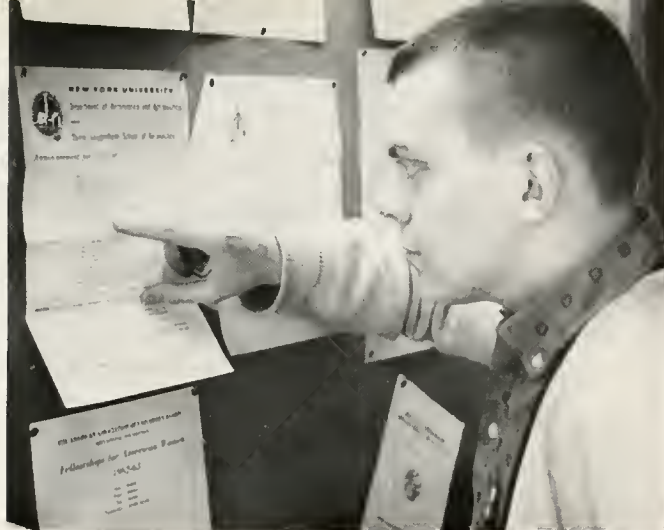

Fr. John F. Abbick, S.J., and Jim Ebben, Graduate student, pause for a chat in Bellarmine hall.

The Graduate sodality meets with Fr. John F. Abbick, S.J., moderator.

Margaret Haffmann and Nancy Butler, Graduate students in psychology, collect data for experimental study.

Tom Lorsung, Graduate student in journalism, checks notices on the Graduate school bulletin board in Bellarmine hall.

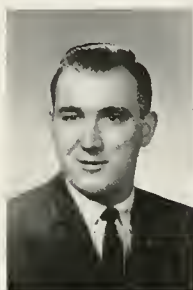

Graduate School

Some Graduate students hold assistantships, serving as instructors in the laboratories and classrooms of the University. One of these is Jane Cempuro (right), who watches Jim Panenka, Robert Plecash and Janet Radowec perform an experiment in a chemistry lab.

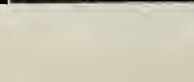

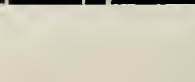

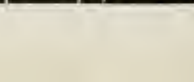

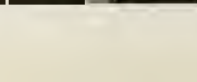

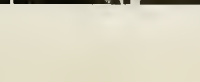

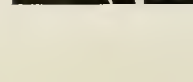

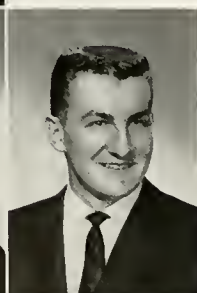

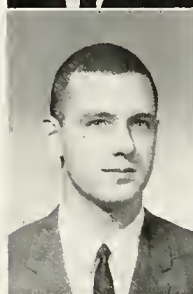

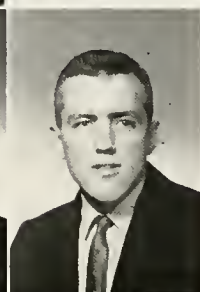

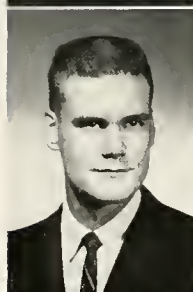

Journalism Graduate students discuss problems of the contemporary newspress with Joseph Moder (top of circle), journalism professor.

ACTIVITIES

THE RUSSIAN writer Dostoievsky once mused that the man of the future, living in a scientifically advanced civilization and blessed with the wisdom of the ages, would still exercise his "right to be unreasonable."

He reasoned: "Men are still men and not the keys of a piano."

In his argument for free will, Dostoievsky hit upon the human factor which complicates man's existence in a populous world. Men are decidedly not piano keys which strike a perfect chord under the masterful influence of reason. They are complex individuals with differing sensitivities and backgrounds. Only in our dealings with human beings can it be said that reason must be applied with reason. Coming to terms with men is not a matter of applying an equation.

As science makes the world smaller and people make it more populous, the need for more understanding in human relations will consequently become greater. In short, men will have to get along together.

Cultivating healthy, rewarding, human relationships is not a thing to be learned from a university textbook. It is a lesson each man must learn for himself through his association in varied activities with his fellow men.

Marquette University offers numerous opportunities for cultivating close personal relationships through a program which includes religious, cultural and social activities. Through this activities program students can unite the world of books and ideas with the world of people and events. That union may aid them to be more understanding of their fellow men, a valuable talent in a populous and problematic future.

O'Donnell prepared to distribute awards to scholastic leaders.

Convocation

The meaning of responsibility and freedom to university students was stressed by the Very Rev. Edward J. O'Donnell, S.J., at the annual President's convocation, honoring scholastic leaders, in the Milwaukee auditorium, Oct. 13.

"Today, more than perhaps any other time in our history," he said, "what a university does or fails to do will have effects beyond our calculation or imagination."

Speaking of freedom, Father O'Donnell stated, "I mean the internal freedom of the person which enables him to develop into a fully human, fully mature, fully responsible man or woman."

Stating its meaning for the students, he said, "I think it means first that you must strive always to be passionately dedicated to the cause of freedom and to use your freedom responsibly."

Daris Sikarski, president of Delta Sigma Gamma, talked with Bob Scabey before the concert.

Homecoming

"Forward Thru Freedom" presented by the Knights of the Altar and Loyola Hall won first honors in the organization float division in Friday night's parade.

The engineer's "Cup of Teo" took first place in the college float competition in their version of the Boston Tea party. The Homecoming theme was "Our American Heritage."

Triangle bottled "the ship that Vander-bilt" to take second honors in fraternity house decorations.

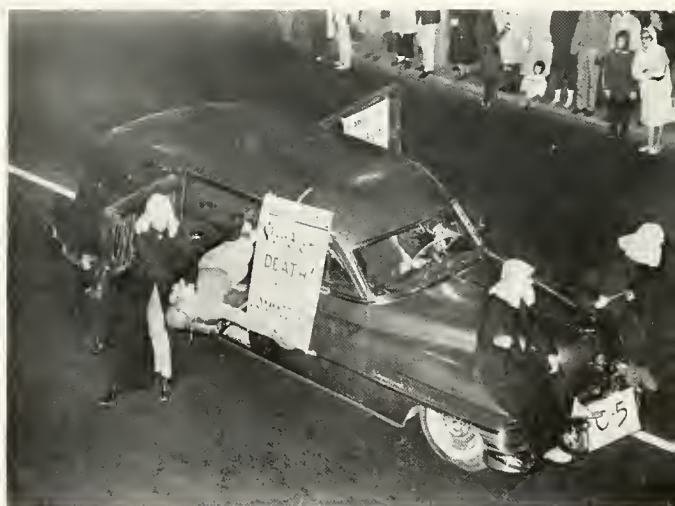

First place in the sorority float division went to Theta Phi Alpha's little red schoolhouse.

The USS Commodore attacked by Warrior arrows won Delta Sigma Pi first place in the fraternity division of house decorations.

O'Donnell's warrior who dunked the Commodores took first honors in dormitory competition.

Law school provided a hearse for the Commodores in one of many novelty acts which included fire engines and a covered wagon.

Nancy Flanagan distributed copies of the Tribune's first edition. The moving press behind her depicted historic headlines, winning first place in the college decoration division for the Journalism college.

Hawaii demonstrated our expanding heritage in Schroeder hall's prize-winning float.

Paul Bunyan "cuts em down" in Alpha Phi Omega's first place float.

Marquette Players

Peter hovered near the Darlings in the Marquette Players fall production of "Peter Pan." Peter was played by John Neumeier, Mrs. Darling by Jan Kapral, and Jo Ann Kolanda was Wendy. Two brothers, Eddy and Mark Miner, played John and Michael.

Peter often listened outside the window as Wendy read to John, who always wore a top hat, and Michael.

Tinker Bell (Marlena Lustik) and her court celebrated Peter Pan's return to the Land of Never-Never, land of lost children and Indians and the pirates of Captain Hook.

"Kidnap Wendy, seize the bays." The pirates plotted against Peter Pan and the children. The pirates Bill Jukes (Tam Jacumba), Starky (John Genke), Ceco (Bab Calanna) and Smee (Chuck Seibert) had the plank all ready for the children to walk.

"Didst ye ever want to be a pirate, me hearty?" asked Smee. "I don't think my mother would want me to be a pirate," Butch (Mark Maline) told him, when the pirates captured John and Michael and the last children of Never-Never land.

Wendy and the Indians hold a pow-wow in honor of Peter Pan after he saved the Indian maiden Tiger Lily's life.

After rescuing the children from Captain Haak, John and Michael and the last children of Never-Never land return to live in the Darlings' house. Peter and Tinker Bell return to the Land of Never-Never, and all live happily ever after, of course.

Musical Varieties

Above: Sue Prestan sang "Air des Bijoux" to win first place in the vocal category of Musical Varieties. The show was held Nov. 19 at Marquette high school auditorium. **Right:** Mary Ann Jash placed first in the new dance category with a dance entitled "Flapper Daze."

Pianist Dave Klunk played "Dizzy Fingers" in the instrumental category. A sellout crowd attended the show.

Barb Brickman played "Czardas," a violin solo, to win first place in the instrumental category. Fifteen acts appeared in the show.

Left: Ray Pushkar, Bill Schatz and Carl Stephens made up the "Three Blind Mice" choral group. They sang "Unchained Melody" to a bongo beat. **Below:** "The Blazers," a barbershop quartet, won first place in the specialty act category. Their barbershop harmony produced an unusual version of "Mood Indigo."

Sharon Butenhoff, president of Phi Chi Theta, presented flowers to the queen, Mary Anne Puechner, while Karen Hunt, dance chairman, looked on.

Brand Spangenberg offered Sharan Strupp a life saver—the hard way. Both participated in the games and dancing at Lisette lodge.

Prior to the Highland avenue party, coeds serenaded fraternity houses. "Scotch Rumble" was the theme.

Friends of Fina Pamintuan (front) found her daar decoration both well-engineered and appetizing when they stopped at her room during open house. Fina, a Tower darm resident and graduate student, built a "caakie castle."

Holiday Open House

Mary Anne McHugh welcomed her parents to the Christmas open house at O'Dannell hall. Open house was held in all the women's darms on Dec. 11.

"Frastie's Holiday Lodge," complete with skis, was the theme carried out in room 104 at O'Dannell hall. Mary Hartl painted out the decorations to visitors Mary Parrilli and Jahn Lemanski.

Holly Ball

Left: Michael Rooney escorted Laraine Valerian, 1961 Holly Ball queen, to her throne. Lari reigned as queen by virtue of her office as president of the Women's Student council, which sponsors the dance each year.

Above: A couple danced to music provided by Jerry Blake's band. A winter atmosphere of "Heaven and Holly" filled the Crystal ballroom of the Schraeder hotel.

Below: The "crowning" moment of a year's hard work for Laraine Valerian came during the intermission program. Betsy Biwer, WSC member and chairman of the dance, placed the crown on Lari's head as King Michael Rooney looked on.

Loraine Valerion received a bouquet of roses from her sororities, Theta Sigma Phi and Scepter and Sword. She then spoke in gratitude and appreciation to those "behind the throne."

Robert Sawyer and Julie Rouwolf enjoyed some conversation between dances. A reception for the queen was held prior to the dance at Lisette lodge. It was sponsored by the queen's two sororities.

IFC Father-Son Banquet

Fathers and sons watched banquet proceedings after a steak dinner. Following the banquet the men attended the Marquette-Louisville game, then a fraternity house stog party.

Greeks promenaded the floor at the All-Greek square dance held Feb. 10 at St. Rose's auditorium. The dance was sponsored by Theta Phi Alpha.

Dancers circled four at the informal mixer. Decorations carried out the theme of the party, "Hoy Day."

All-Greek Square Dance

A couple ducked for the oyster as the caller directed the festivities. During the intermission Greeks switched to regular dancing. All members of lower campus Greek organizations represented on the Interfraternity and sorority councils were invited.

Phil McCollum and Sue Riordan reigned as king and queen at the Winter Carnival sponsored by the Avalanche club. A mild Milwaukee winter and lack of snow cancelled skiing and other outdoor events.

Winter Carnival

Right: The annual three-day carnival was reduced to a square dance Feb. 10 at Pilgrim's Hall and a skating party the following day. Judy Vosika and Al Ludwig tried a tricky step at the square dance. **Below:** Kathy Garson and Bill Cleary promenaded the hall at the carnival's social event.

Skating Party

Morlene Ladrigan, Melanie Rohr and Camille McGreevy were more absorbed in playing cards than skating at the annual all-sorority affair sponsored by Kappa Beta Gamma on Feb. 7.

Above: Sybil Winters demonstrated her professional technique to the co-eds attending the party at Mitchell park. **Right:** Louise Lentzner looked hopeful about her partner's hand in an after-skating bridge game at the park pavillion.

Campus Carnival

Banifas hall sponsored a bake sale booth at Campus Carnival held Feb. 10. The booth won an honorable mention trophy for its theme "The Queen of Hearts."

A carnival-goer pinned the tail on the donkey at the booth sponsored by the Young Republicans. A copy of the National Review or Goldwater's **Conscience of a Conservative** was given as a prize.

Campus Carnival took over the Marquette gym with 24 organizations entering. Four 45-minute variety shows were put on during the night, featuring the winners of Musical Varieties.

Members of the Campus Carnival committee were:

Top row: Gerrie J. Jewulski, Katy Kibler, Kenneth R. Kreiling, Laura M. Sprengelmeyer, Mary M. McEvoy, Jeonnette Babicz.

Bottom row: Edward M. Cohon, tres., Morilyn J. Szilok, vice-pres., John L. Drees, pres., Mory M. Mross, sec., Joseph G. Atwood, moderotor.

Left: Mory Jane Kress looked hopeful despite the doubtful expressions of the two onlookers as she tried to toss the ball in the net. **Right:** Jone Fallon and John LoSosso, engaging in a bubble blowing contest, concentrated on size to win a prize.

"Zeus, S.J., says na," announced "T. Michael Caesar" in the Press Club skit. The Press Club won first place in the organization category and the Spirit of Varieties trophy.

Tim Metz and Jim Gannon played Dave Romulus and Chet Remus in the Press Club skit. The skit was a take-off on university events, done in a Huntley-Brinkley news report style.

Varsity Varieties

"MU and All That Jazz" was satirized by O'Donnell hall coeds in a skit that won first place in the dormitory division. Varieties were held March 5-7 at Marquette University High School.

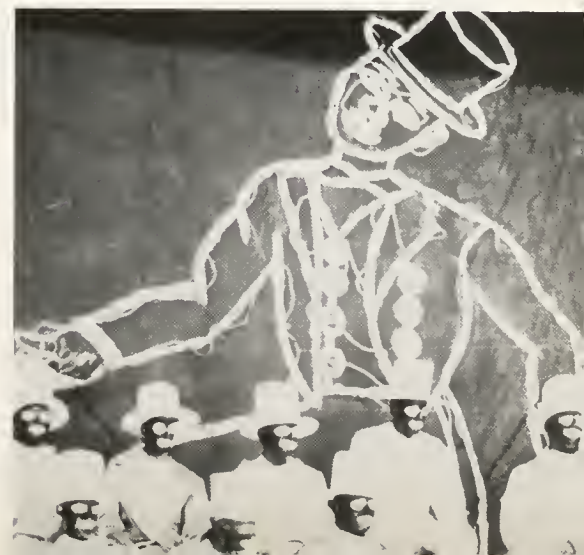

Tom Bolisteri won second place in the individual performer's category with his folk songs, "John Henry" and the "Spirit of the South."

Above: Chi Sigma Chi's version of "Peter and the Wolf" won first place in the sorority division. The ballet, which acted out the tale of "Peter and the Wolf," was done to the music of the "Peer Gynt Suite."

Above: The Niarobi, who founded civilization, ate the losing basketball team, Sigma Phi Delta told the audience in a skit which took first place in the fraternity division. Right: Alpha Phi Omega won second place in the fraternity division with a minstrel show that was highlighted by unusual lighting effects. They called it "King Rastus' Review." The lighting effects won a Harlequin for the fraternity.

Activities

Delta Sigma Gamma

Delta Sigma Gamma, social sorority, celebrated Founder's Day in October at Mick Lewin's Steak Ranch. The Blazers entertained at the dinner commemorating the founding of the sorority at Marquette.

Theta Sigma Phi

Norma Lee Browning, feature writer for the Chicago Tribune, spoke before the Matrix Table dinner sponsored by Theta Sigma Phi, journalism fraternity for women. The dinner was held April 16 at the Ambassador Hotel.

Theta Phi Alpha

Judy Hanley served Barb Burek coffee as part of her duties as a Theta Phi Alpha pledge. The pledge period lasts about six weeks.

Fraternity Activities

Triangle

Phil Rafferty of the Highlanders entertained at a Welcame Week smoker given by Triangle, national professional engineering fraternity.

Interfraternity Council

A ROTC member signed a pledge during the annual blood bank drive sponsored by the IFC. The council co-ordinates fraternity activities.

Alpha Delta Sigma

Russ Wittberger, former Morquette basketball star, spoke at an advertising fraternity smoker held in the Ambassador hotel. Seated are Ned Carbani, fraternity president, and Ray Rossman.

Alpha Phi Omega

Brian Gray, Alpha Delta Theta's candidate for the Ugly Man contest, sat patiently while a member got him ready for the camera. Don Kojis was the contest sponsored by APO. Proceeds went to the St. Francis Mission in South Dakota.

Alpha Kappa Psi

Two caeds stopped at the A K Psi table to sign up for the fraternity-sponsored mile-long telegram. The telegram was sent to the basketball team at the start of the NCCA tournament in Houston.

Delta Sigma Pi

Jean Kemp (center) was chosen the Rose of Delta Sigma Pi. With her are runnersup Nancy O'Rourke (right) and Mary Zanacco.

Campus Activities

Father O'Donnell announced the "Marquette Plan" at a press conference Nov. 11. The ten-year plan includes the construction of five new buildings and will cost about \$45,000,000.

Edward P. Morgon of the American Broadcasting Co. was one of the speakers at a three day journalism conference on the topic "The Citizen and the News." The March 7, 8 and 9 conferences were held to commemorate the 50th anniversary of the College of Journalism.

A crowd of more than 2,000 visited the Engineering open house March 18. They viewed exhibits and engineering equipment like those shown in the heat engine laboratory of the right.

Union Activities

Students celebrated the "wearin' of the green" with a mixer in the Union ballroom on St. Patrick's day.

Jim Robak and his 18-piece band performed at the February Jazz concert. Several Jazz concerts are held each year featuring local talent.

Fr. Bernard Coake, S.J., spoke in the Last Lecture series sponsored by the Braaks council.

A pre-Lenten mixer was sponsored by the council in the Union ballroom on St. Valentine's day.

Left: Neil Martin displayed his skill in a drum solo and explained something about drumming in his last appearance at a jazz concert. **Below:** Fr. John J. Walsh, S.J., talked with Mr. and Mrs. Joseph Doyle after viewing the film, *Gate of Hell*. The film was made in the area where Doyle served in the Navy.

Formal Prom

Dick Fleck, president of the Prom council, served as king of the 1961 Marquettillion. His queen was Pat Breitenstein. The dance was held in the Antlers ballroom, April 21. The annual post-prom breakfast was held from 12-3 o.m. in the Union ballroom. The theme of the post-prom breakfast was "Vamos a Vegas" or "Let's Go to Vegas." Chairman of the post-prom breakfast, sponsored by Delta Sigma Pi, was Roy Rousch.

The Prom council organized the Informol prom as well as the Marquettillion. Members of the Prom council were:

Top row: Jack R. Trimberger, Thomas H. Chmielewski, Ronold R. Raddatz, Peter S. Bolistreri.

Senior Week

Robert Bale (with glasses), Jane Daalan, Marcia Adamkiewicz and Jack Kircher didn't leave a crumb on their plates. The picnic was held at Maryhill.

Danna Dermady enjoyed a tree swing on the Maryhill grounds. The picnic began Senior Week activities. The Senior prom, a Union party and a graduation breakfast completed the week's festivities.

Reminiscing over the past year and discussing plans for the future were (from the left) Tam Spinecle, Sandra Weiss, Judy Clark and Jim McBride.

Graduation

Four years of fun, frustration and just plain hard work are capped for Marquette's seniors by baccalaureate and commencement ceremonies.

For the graduate it is both an inspiring and a frightening experience. The Arena is crowded on that Sunday with 1,200 seniors and thousands of parents, relatives and friends. The addresses are inspiring, the long procession of graduates impressive, congratulations from a dean and the University president personally satisfying.

As friends and classmates file slowly across the stage, the graduate wonders at the size of his University. His own small circle of friends seems lost in the flow. His own accomplishments often seem small in the rush of honor students and class leaders.

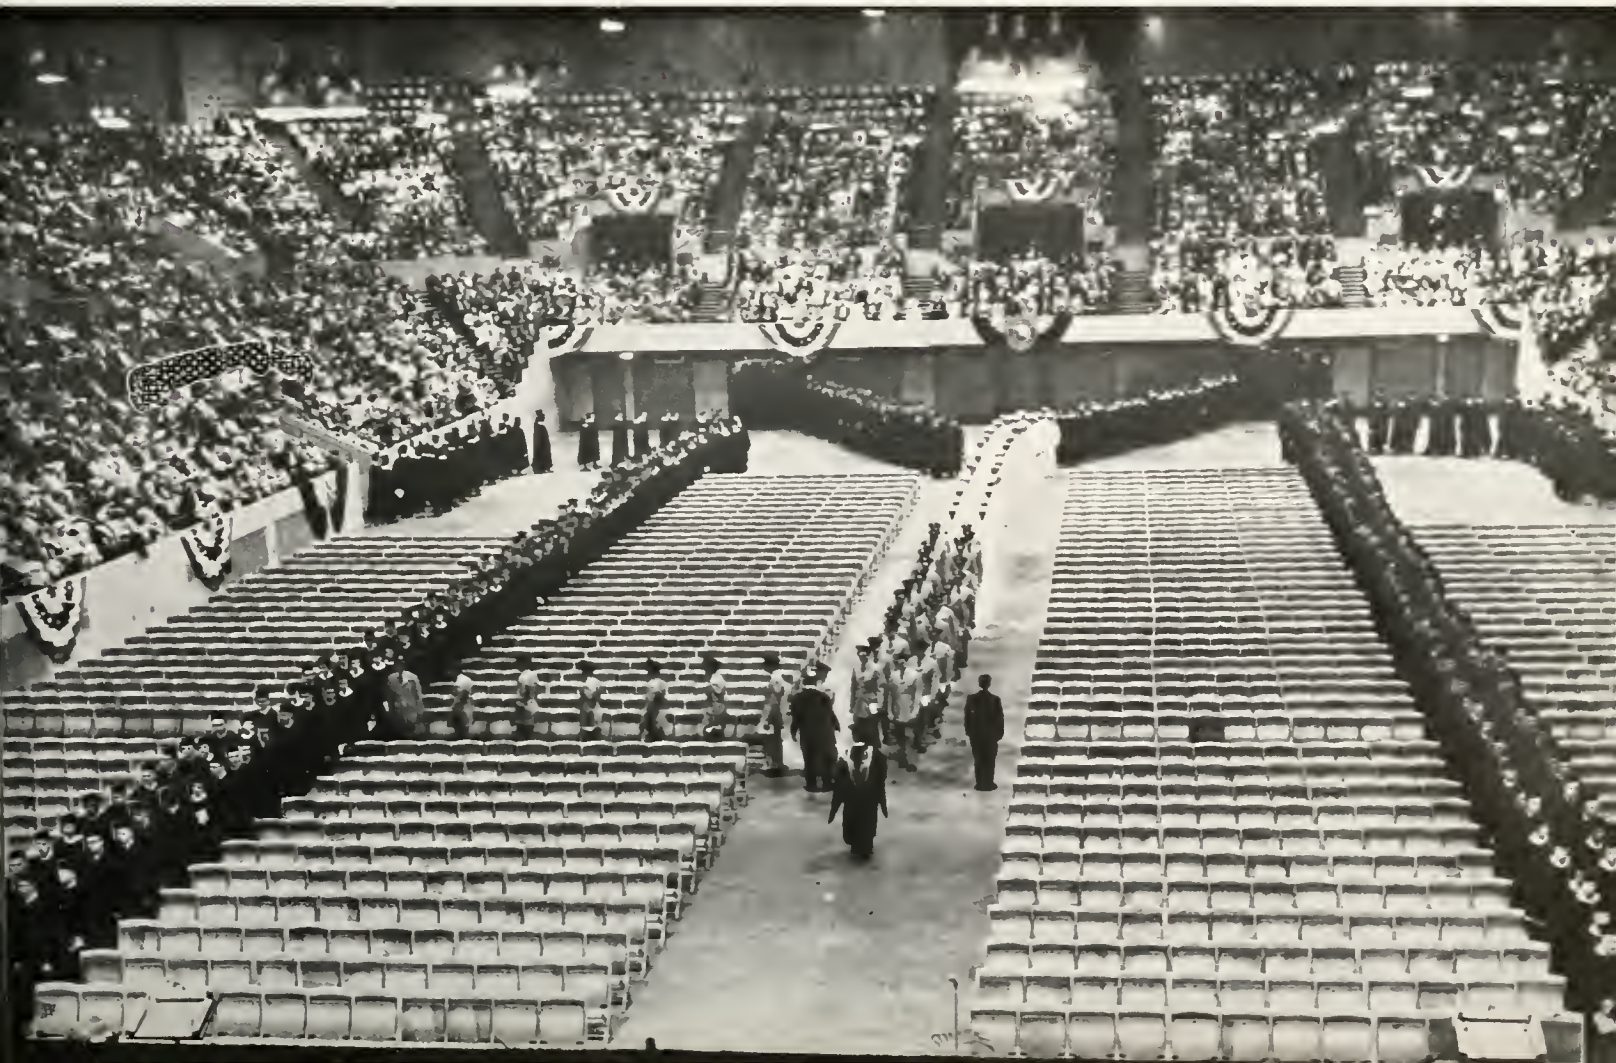

Each college sends forth its students and in each group is drama, pathos, courage, disappointment. Here is a blind student, graduating with honors after four years of interminable toil. Here is an engineering graduate accepting his diploma while a wife and two small children beam from the Arena circle. Here is an athlete, a scholar. Here are the men and women of the class of 1961 who will represent Marquette to the world.

But perhaps the most meaningful part of the day is the silent adoration and looks of pride on the faces of thousands of parents. They have waited long, worked hard and sacrificed much to witness this day. That son or daughter in the blue cap and gown might represent a new car they did not get or a vacation they did not take. But the look of happiness in his or her eyes makes it all worthwhile.

For the graduate, it is a moment of prayerful thanks . . . thanks for parents who have made it possible, thanks to a God who kept providing courage when things got rough, thanks to classmates, friends, teachers.

The speeches have ended, the racks filled with diplomas have been emptied, a final prayer and best wishes have been offered. The crowd surges to its feet and listens as this newest group of alumni intones "Hail, Alma Mater." The procession files out with a quick look back at the now deserted stage and the banner, "Marquette: A Commitment to Moral and Intellectual Excellence."

Marquette's stage in the education of her graduate has ended. She offers a prayer that her sons and daughters will use the principles she has sought to inculcate in them. She hopes fervently that they will remain committed to excellence.

SPORTS

SCIENTISTS periodically take time away from their test tubes to write scathing articles for popular magazines about the need for physical exercise among Americans.

"Americans," they say, "are people content to sit and watch someone else build up a sweat."

These scientists maintain that as Americans are propelled farther into their mechanical push button future, they will have proportionately less physical exercise.

A nationwide lack of physical fitness can become a formidable problem. History shows that nations must keep physically as well as technically strong if they are to survive the rigors of war and other catastrophies.

Former President Dwight D. Eisenhower recognized this danger. He often suggested that Americans forsake their automobiles, at least occasionally, for bicycles. He further proposed that bicycle paths be built along federal highways. He engaged in many forms of physical exercise, thus shattering the myth that a politician's only form of exercise is handshaking.

Marquette, like other major educational institutions, tries to instill a healthy sports interest in students through its intercollegiate athletic program. Marquette basketball, tennis, golf, cross country and wrestling teams compete for honors with many other colleges and universities, representing all sections of the country. These intercollegiate matches serve to build a strong student enthusiasm for sports, as well as to engender student loyalty and support for Marquette in all its undertakings.

An equally important facet of university athletics is the intramural sports program in which hundreds of students actively participate in such sports as basketball, track, boxing, fencing, golf, handball and swimming.

The aim of the athletic program is to provide healthy bodies to accompany the sound minds which future Americans will need as citizens and leaders of a world power.

It is hoped, through the program, that students will carry an enthusiasm for sports and a recognition of the value of physical exercise with them into the promising, turbulent, pushbutton future of America.

Athletic Administration

The Athletic Board, governing body of all-University athletic events, meets regularly to discuss current issues in the field of athletics and to help formulate the University's athletic policy.

The Rev. John G. Holbrook, S.J., is chairman of the board. Other members include faculty representatives George H. Zimny, John F. Lynch and John L. Mahar; alumni members James J. Bonifas, Robert McGinn and Dr. Raymond Kuffel; and student representative, Leo Zoeller.

Today Marquette stadium stands vacant. For the first time in 68 years no football team will represent the Hilltop. All that remain are memories.

To a man like Frank Murray, perhaps Marquette's greatest football coach, satisfying memories come back. In Murray's first year, 1922, the Hilltoppers won eight and tied one while scoring 213 points and limiting the opposition to three points.

Murray had many other good years at the helm. In 1923, Joseph "Red" Dunn went back into a game against Boston College with a broken arm, kicked the extra point and gave Marquette a 7-6 victory. The Hilltoppers were undefeated that year.

Murray and many others will never forget the 1936 team that went to the Cotton Bowl. Marquette put up a good fight in the Bowl but Texas Christian had a fellow named Sammy Baugh at quarterback that year and they won, 16-6.

Johnny Sisk, the Guepe brothers, Art and Al, Gene Ronzani and Jimmy Richardson have fond memories of Marquette football. They were all star players at one time or another in the Marquette football drama. Sisk went on to star for the Chicago Bears. Art Guepe, Ronzani and Richardson are all successful coaches. Wisconsin, Navy and Notre Dame remember Marquette. Wisconsin had things pretty much their own way in the series. Navy remembers the 21-3 defeat by Marquette's "Golden Avalanche" in 1924. Notre Dame was tied three years in a row by Marquette, starting in 1909.

Patrons of Milwaukee County stadium remember the Warriors. They remember the last attempt to bring Marquette back into the big time.

Liz Blackburn remembers the Warriors. He remembers the last good season Marquette had in 1953, when under his coaching they finished with a 6-3-1 record. He remembers leaving to coach the Green Bay Packers and coming back in 1958 to find Warrior football fortunes at an all time low. He remembers the announcement on Dec. 9 that Marquette had dropped intercollegiate football from its athletic program.

Farewell to Football

Big George Andrie hit the turf in the Villanova game. The 6'7" junior's fine pass receiving aided the Warriors in their 23-13 win.

Marquette 23 — Villanova 13

Sept. 17, 1960—Marquette's Warriors thrilled 15,400 opening night fans at M.U. Stadium. They downed Villanova, 23-13. The Wildcats ran up more total yardage, but the Warriors had a 226-216 yard edge on the ground.

Scoring drives of 68 and 99 yards gave Marquette a 14-0 lead at the half. They picked up two points on a safety early in the fourth quarter and then, with Villanova threatening, Denny Ferriter intercepted a pass on the Wildcat 30. Bob Collins later popped over left tackle for the clincher.

Dave Theisen, sophomore halfback, lived up to pre-season expectations. He ripped off 107 yards in 13 carries.

Wisconsin's quarterback and strongest punting foot, Jim Bakken, was viciously attacked during the third quarter of the Wisconsin game. The Warrior's five game winning streak was snapped. The Badgers won, 35-6, in one of the hardest fought games of Marquette's 1960 football season.

Marquette 20 - COP 0

Sept. 24, 1960—Marquette showed a stout defense and an inconsistent but powerful offense in shutting out the Bengal Tigers. The Warriors allowed only 228 yards, including 98 on the ground. They recovered two COP fumbles and intercepted two passes.

Several times the Warriors moved deep into Tiger territory only to be stopped by a fumble or an interception. Captain Denny Ferriter scored Marquette's second TD when he grabbed quarterback Bob Vander Wall's pass on the Marquette 34 and raced down the field 66 yards for the score.

Improved passing by Bill Johnson and Terry Zang along with a strong rushing attack led by Mike Shea and Dave Theisen sparked the win.

Wisconsin 35 — Marquette 6

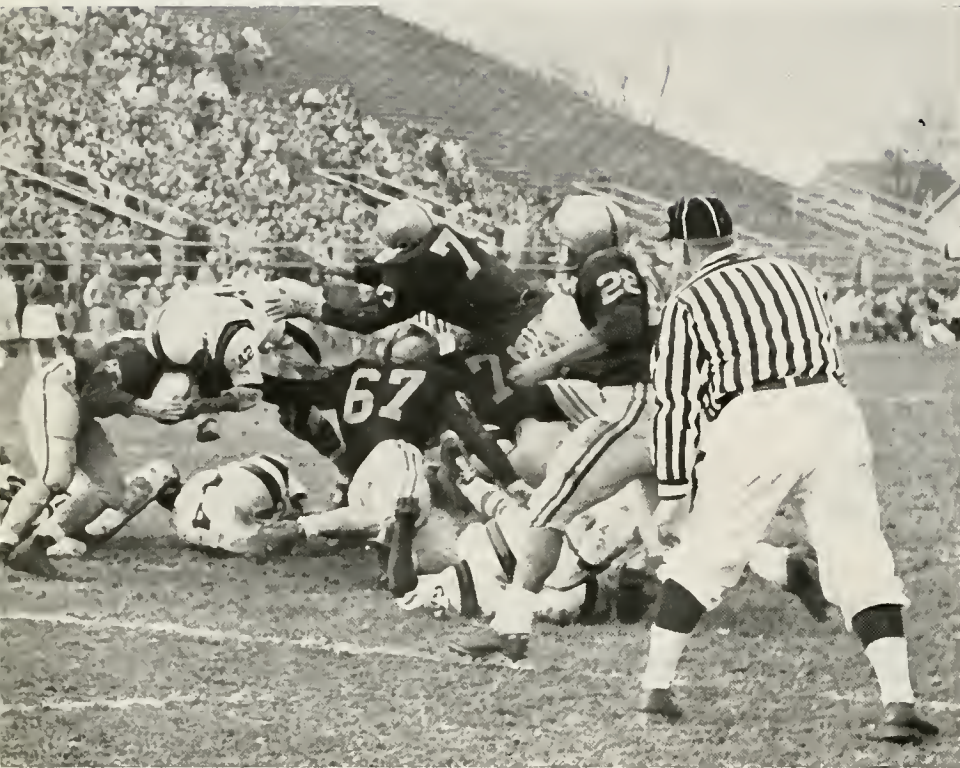

Oct. 1, 1960—Marquette's five-game winning streak ended when Wisconsin's Badgers downed the Warriors 35-6, before 51,553 fans at Camp Randall Stadium. Three Badger interceptions, two of them turned into touchdowns, accounted for Wisconsin's principle tallies.

Both coaches agreed that the score did not show how bitterly contested the game was. Marquette was no patsy. The Warriors penetrated Wisconsin territory twice in the first quarter, once traveling to the 14-yard line on a 54-yard drive. Wisconsin's head coach, Milt Bruhn, said, "Marquette's team was head and shoulders above the team we played last year."

The Warriors outgained Wisconsin rushing, (121-72), and had more first downs, (19-12). Marquette coach Lisle Blackburn said the Warriors played strongly enough, offensively and defensively, to have won most games.

Warrior end Frank Lehnen (88) made an all-out attempt to block Jim Bakken's kick for an extra point. Although Marquette outrushed the Badgers offensively, they lost by a lopsided score.

Cincinnati scored its first touchdown on a three yard plunge. The Bearcats went on to score four more TD's and pounded Marquette 33-13.

Indiana 34—Marquette 8

Oct. 15, 1960—Indiana was bounced around in Big Ten play but they looked like champions against the Warriors.

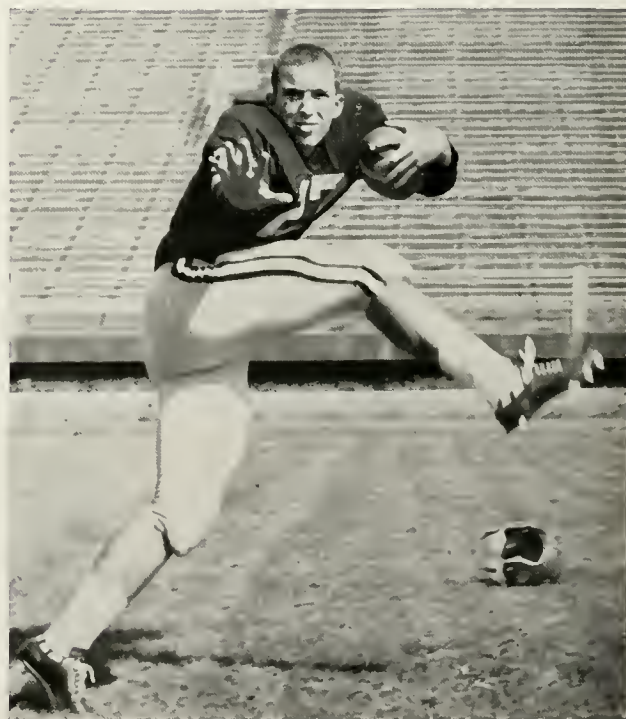

The Hoosiers normally porous defense stopped Marquette cold until late in the fourth quarter when Terry Zang threw a 55 yard scoring pass to Karl Kassulke.

Outside of this, the game consisted of speedy Indiana backs blasting through and around the Warrior line. Marquette did intercept three Hoosier passes but they couldn't make anything of the opportunity.

Football

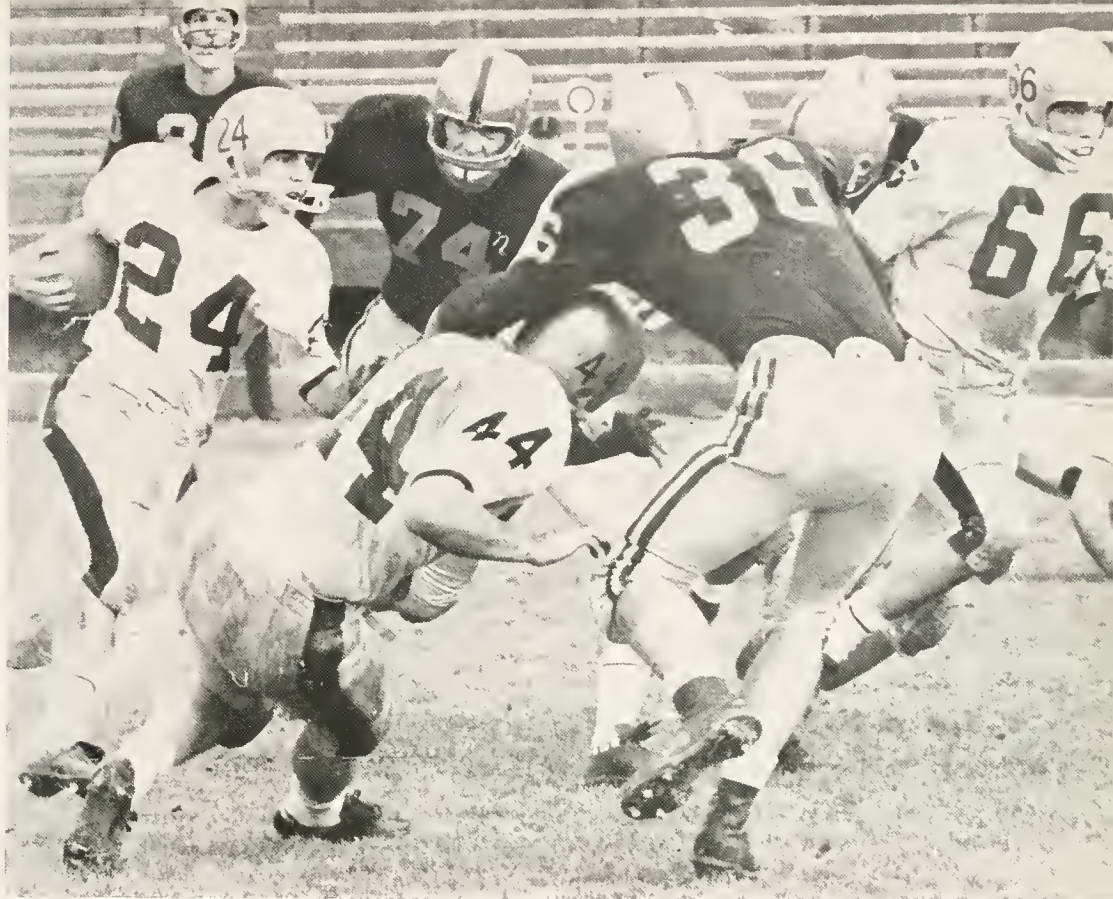

Marquette 13— Boston College 12

Oct. 8, 1960—Undoubtedly, the most exciting game of the season was the battle with Boston College. The Boston Eagles mauled Marquette from one end of the field to the other during the first three quarters, but the Warriors managed to score in the second quarter after a 69 yard drive. Boston scored their second touchdown in the third quarter, but failed a second time in the extra point attempt. With only minutes left, the Warriors went 41 yards in six plays to tie the score at 12-12. Ferriter kicked the extra point, and the Warriors downed the Boston Eagles 13-12 for the first time since 1932.

Dave Theisen, Warrior's leading ground gainer.

Vanderbilt's Charlie Creagh rushed into a pack of trouble, namely Mike Shea (36) and Ken Shaffer (74). Creagh picked up 16 yards in eight carries as the Commodores whipped Marquette 23-6.

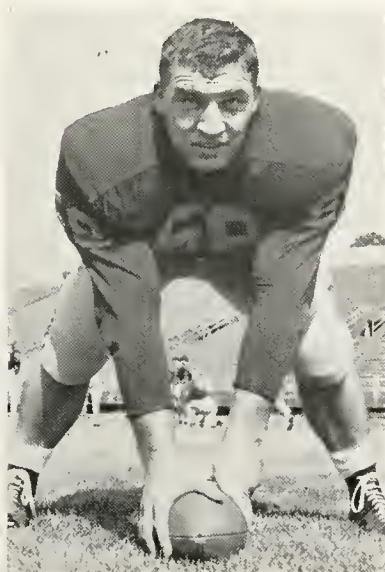

Vanderbilt 23—Marquette 6

Oct. 21, 1960 — An old grad named Art Guepe came back to spoil Marquette's homecoming as his Commodores banged the Warriors around for a 23-6 victory.

Despite an abundance of homecoming spirit the Warriors were never really in the game. They lost the battle of statistics by a whopping 313-199 margin in total yardage. They fumbled twice and had two passes intercepted.

A crowd of 17,000, the largest since 1954, saw Vanderbilt run up a 16-0 margin before the Warriors mounted their scoring attack. The attack consisted of a 9 yard touchdown pass from Bill Johnston to Chuck Dreas.

Dennis Ferriter, Warrior captain.

Holy Cross 20—Marquette 0

Oct. 29, 1960—Even the long awaited return of injured halfback Dave Theisen didn't bolster the Warrior's sagging offense as the Crusaders beat them at Worcester, Massachusetts.

Theisen, making his first appearance in a game since the Sept. 24th game, gained only 24 yards rushing and appeared somewhat stale after his long layoff. He also fumbled a hand-off on the Holy Cross 28 which gave the Crusaders the ball for their initial touchdown drive.

As a team, Marquette gained only 56 yards rushing and 84 yards passing. Joe Schulte, who's main stock in trade is defense, looked like the Warriors' best passer as he hit two for two and gained 23 yards. Frank Lehen had one of his better days at end, picking off four aerals for 75 yards.

With the offense sputtering, Gary Podesto had a good chance to show his punting skill. He booted one 67 yards and wound up with a 37.6 average in 10 tries.

Terry Zang ran into Detroit interference on a muddy field.

Individual rushing	Atts	Yds	Avg
Theisen	56	268	4.8
Collins	56	245	4.3
Shea	38	159	4.1
Jennings	58	196	3.4

Cincinnati 33 — Marquette 13

Nov. 12, 1960—Cincinnati took a 19-0 halftime lead and then withstood a second half Warrior surge to gain a 33-13 victory. A crowd of 11,200 saw Bearcat quarterback Larry Harp shine in both the running and passing departments.

Marquette pushed across two tallies in the fourth quarter with a revived passing attack. Terry Zang threw a 51 yard bomb to Kevin Weinberg for one score and Joe Schulte hit big George Andrie for 19 yards for the other.

Detroit 32 — Marquette 12

Nov. 5, 1960—Marquette's season-long inability to stop a rollout pass was a big factor in their 32-12 drubbing at the hands of Detroit. The Titans gained 203 yards through the airlines while the Warriors, with three different quarterbacks, managed only 70.

Coach Lisle Blackburn said that the Warrior passers were hindered by extremely passive blockers. Statistics showed that the three quarterbacks gained a total of minus 23 yards rushing.

Mike Koehler led the feeble running attack with 50 yards in 13 carries.

Who Played Football?

Football players played football. Big ones, fat ones, tall ones, bandaged ones, limping ones, smart ones and stupid ones. They may have had a shining helmet and a jersey with stars on it or they may have had shoes with holes in them and an old, moth-eaten uniform.

Some players played every Saturday of the season, getting press clippings and fraternity invitations. Some only played in scrimmages and got dish-washing jobs.

Coaches played football. They sat up till 3 o'clock in the morning, figuring out the best defense against the split-T formation. They growled at their wives when they lost. They took them out to dinner when they won.

Fans played football. They thought up strategic plays guaranteed to sneak them into 50-yard line seats. They intercepted wayward hot dogs thrown their way by the vendor. They yelled "useful" bits of information at the coach.

Sports editors played football. They put their heads down, took pictures and wrote articles, then tried to outrun the speedy deadline to the goal.

"Send me a dozen more halfbacks."

"How could you bungle that touch-down pass?"

"Looks like we punt again."

Freshmen Football

Unfortunately a promising 1960 freshmen football team will not get a chance to prove their mettle on a Marquette varsity squad next year.

Among the better prospects on the team were quarterbacks Tom Connelly and Mike Rieder along with backs Kenny Brown, Willy King and Dave Kopay. Good size and speed highlighted the end position headed by Fred Reheman and Bruce Smith. Jack Failla, although hampered by injury during the first weeks of practice, was considered fast and a good receiver. The line was big and strong, although somewhat lacking depth at the tackles. Ken Lehmann, George Blanchard, Hollis Buell and Dick Herzing were chief contenders at center. Converted backs Jim Baffico and George Hartman were standouts at the guards, as were Ed Flynn and Karl Stanizek at the tackle positions.

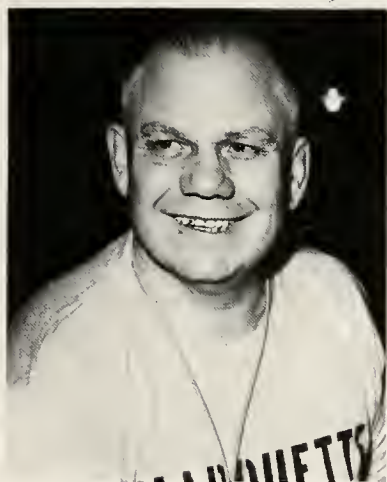

The freshmen team was guided through the season by former Warrior players Bill Bartholomew, Tony Napolet and Tim Zhulkie.

The frosh scrimmaged the varsity four times, losing on each occasion; but as Napolet pointed out, the freshmen had the problem of learning the Marquette winged and slot-T offensive patterns which are more complicated than the straight-T employed in most high schools.

Basketball

Despite a surprise letdown in the opening round of the NCAA tourney when they were drubbed by Houston 77-61, Marquette's basketball team had a rewarding season. Their final record was 16-11.

Next year, Kojis and his 21.4 average will be gone. But returning will be Ron Glaser, 14.5, Dick Nixon, 9.7, Dave Erickson, 9.7, and Bob Hornak, 9.4. Coach Ed Hickey hopes this quartet, plus some promising freshmen, will give a good account of itself.

Wisconsin 55 — Marquette 51

Dec. 10, 1960—After two decisive victories in their first two starts, the Warriors traveled to Madison where they lost a heart-breaking game in the 56-year rivalry, 55-51. It was the first M.U. loss to Wisconsin since 1953. Although they shot a poor 29.9% while Wisconsin hit on 38.9%, the Warriors' overall play was generally good. One big factor in the loss was Don Kojis' inability to score. He was held to 8 points for the entire game.

Marquette 83 — Wichita 79

Dec. 13, 1960—The fourth game of Marquette's 1960-61 season was played in the arena where Marquette upset Wichita, 83-79. Although the Shockers were the taller and more experienced, the Warriors were able to come from behind in the second half, sparked by Don Kojis' 25 points and Dick Nixon's extraordinary ball handling. The Warriors trailed by 13 points, 17-4, in the opening minutes of the game, but hit on 44% of their field goal attempts to their opponents' 41.9%.

Marquette 107 — North Dakota 68

Dec. 3, 1960—The Marquette Warriors, sporting a 13-12 record in 1959-60, opened their 1960 basketball season at the Arena in a record setting victory over North Dakota, 107-68. Don Kojis, 6'5" senior, sparked the Warrior quintet with 38 points before a 6,630 opening night audience. While North Dakota hit on 42.4% of its shots compared to Marquette's 37.4%, the Sioux were unable to stop the fast breaking Warrior squad. The Warriors' 107 points broke the previous Arena high of 100 set by the 1955 Marquette hoopsters.

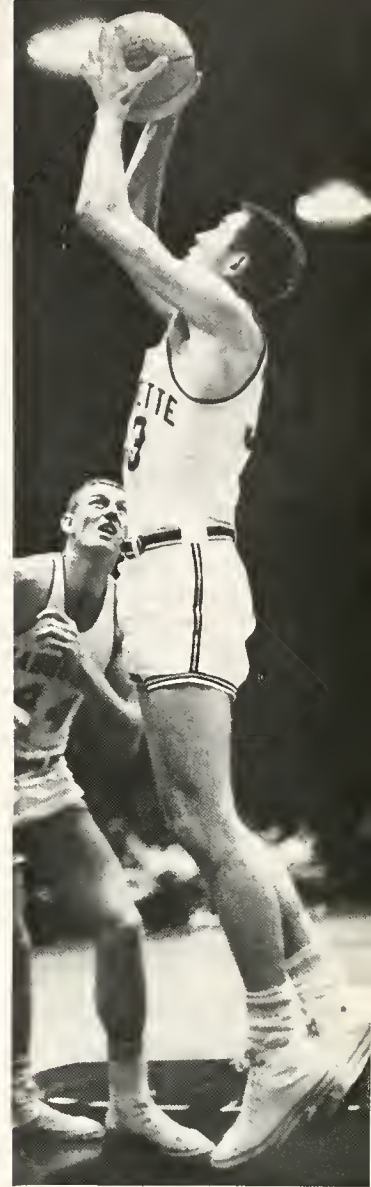

Marquette 99 — U.W.M. 63

Dec. 6, 1960—The Warriors' second game of the season saw the Cardinals from the University of Wisconsin-Milwaukee on the short end of a 99-63 final tally. Don Kojis, all-American contender, scored 28 points as the Marquette team shot 45% to U.W.M.'s 31%. The inability to match Marquette in height and in reserve strength was the main cause of the Cardinals' loss.

Off on a rampage with the basketball, Guard Dick Nixon outflanked the Iowa State defensive wall. Senior Dan Kojis snared 23 rebounds and scored 23 points in the 70-62 Marquette win.

Completing the arch of his over-the-head jump shot, Ron Glaser scored two points from the field against Iowa State.

Marquette 96 — Illinois 87

Dec. 17, 1960—In another "come from behind" victory, the Warriors thrilled 8,440 Arena fans by downing Illinois, 96-87. Don Kojis led the attack with 24 points, but Coach Ed Hickey had high praise for his sophomores. Ron Glaser scored 22 points and Bob Hornak and Lee Borowski also added key baskets. With five minutes left in the game, the Warriors changed from a fast breaking game to a careful ball control game. The Warriors shot a fantastic 70% in the second half, and 49% for the entire game to Illinois' 38%.

Marquette 70 — Iowa State 62

Dec. 20, 1960—Led by husky Don Kojis' 23 points and 23 rebounds, Marquette spurred to a 41-28 halftime lead over Iowa State and went on to whip the Cyclones, 70-62. The 7,895 Arena fans saw Iowa's 6'7" average front line fail to block Marquette's passes and shots as the Warriors hit on 38% of their field goal efforts. Ron Glaser again gave the Warriors a big assist on offense. He dropped in 16 points, second to Kojis. Lee Borowski had nine rebounds and 13 points.

Back to back with a Wichita defender, Ron Glaser went after a rebound. He was assisted a moment later by Jay Dolezal and Bob Hornak. Glaser scored 20 points in the 83-79 Warrior victory.

De Paul 81 — Marquette 78

Dec. 23, 1960—Marquette lost a tight overtime battle at Alumni Hall when eight DePaul charity tosses and a field goal offset three Warrior buckets and a free throw in the extra session. Marquette had rallied from a 58-48 deficit with little more than six minutes remaining in regulation play to tie the score at 71 apiece. DePaul's Howie Carl set an Alumni Hall scoring record with 43 points, including 19 straight free throws. Dave Erickson with 20 points and Kojis with 17 led the Warrior attack.

Marquette 83 — Loyola 71

Jan. 4, 1961—The Warriors opened the new year in fine style as they downed scrappy Loyola of Chicago at the Arena with some excellent shooting and superior rebounding. Kojis led the Marquette scoring parade with 25 points. The Warriors outrebounded the Ramblers 57-38 with Kojis grabbing off 24. Len Jefferson, a surprise starter, played a good defensive game and scored seven points.

Marquette 91 — Wake Forest 83

Dec. 29, 1960—"I would like to see those kids play when they're seniors," said one veteran sports announcer after watching the Warriors, playing with four sophomores and senior Don Kojis, upset defending champion Wake Forest 91-83 in the first round of the Dixie Classic at Raleigh, N.C.

Even though the Tribe lost their next two games in the holiday tourney, they left tobacco country tagged by many as the Cinderella kids. The Wake Forest victory alone sold Ed Hickey's players to the 12,400 fans jammed into Reynolds Coliseum.

Marquette riddled a tight Deacon defense by pumping in 64% of their shots from the floor. The Warriors also outrebounded the taller and huskier Deacons, 56-49. Sophomore Ron Glaser connected on 11 of 15 field goals and added seven free throws to lead all scorers in the first round of action.

"We figured we had to stop Kojis, Glaser and Erickson," Horace "Bones" McKinney, Wake Forest coach, said after the game. "They did a better job on the boards than our scouting report showed."

Don Kojis showed the form that made him the Warrior's leading rebounder.

Duke 86 — Marquette 73

Dec. 30, 1960—The Warrior princes lost their gallant bid for the Classic cup 24 hours later when they encountered the Duke Blue Devils. Coach Ed Hickey summed up the 86-73 loss very succinctly. "Our boys were never able to get control of the game and settle down," he said. "I thought we would win when we pulled ahead, but I'm proud of the sophomores. We were licked by a great team."

From the opening minutes the Warriors whittled away at four and five point Duke leads and it wasn't until 11:21 remained in the game, when Len Jefferson sank a 15 foot jump shot, that the Warriors led, 56-54. But the Blue Devils, led by Art Heyman enroute to a 29 point performance, tallied 12 straight points before the Warriors pushed one through the netting again. The Warriors then faced Villanova for third place in the eight team meet.

*Dixie Classic***Villanova 75 — Marquette 70**

Dec. 31, 1960—Both Marquette and Villanova were tired but the Warriors proved to be more so and dropped consolation honors to the scrappy Wildcats, 75-70. The Tribe, shooting at a 26% clip, continually fell into scoring lapses and found themselves behind 37-27 at halftime. The Warriors rallied in the second half to tie the score at 47-47, but another Villanova scoring splurge sounded the death knell for Ed Hickey's team.

Don Kojis and Ron Glaser were named to the all-tourney second team by the press, radio and publicitors.

Dave Erickson, 6-7 forward and center.

Ron Glaser fought for a rebound in the Creighton game.

Marquette 89 — Creighton 64

Jan. 14, 1961—A 58-point second half, featuring a successful fast break, helped the Warriors whirl past the Creighton Bluejays, 89-64, at the Arena. Creighton enjoyed a 40-31 lead at the half, but a second half spurt led by Don Kojis and Ron Glaser buried the Bluejays' hopes for an upset. Kojis topped all scorers with 29 points, in addition to pulling down 26 rebounds, one short of the school record.

Bradley 84 — Marquette 68

Jan. 28, 1961—Marquette battled the third ranked Bradley Braves on even terms for thirty minutes before they succumbed to the Braves' devastating fast break. It was the 46th straight home court victory for Bradley. A national television audience saw Don Kojis, Dick Nixon and Dave Erickson battle Bradley to a 36-35 halftime score, Bradley's favor. But then the Braves' jumping jack foursome of Chet Walker, Tim Robinson, Al Saunders and Mack Herndon took charge. Walker was high scorer with 21 points. Kojis led Marquette with 20.

Bob Hornok, 6-4 forward.

Louisville 84 — Marquette 63

Jan. 7, 1961—A hot shooting Louisville team downed Marquette before 10,915 fans, the largest Arena crowd of the season. The Cardinals hit on 54% of their shots to the Warriors' 28%. Coach Ed Hickey described the game as a "Jekyll-Hyde" exhibition, stating that the Warriors played well in the first half but fell apart in the second. Marquette trailed the nation's fourth-ranked quintet 34-31 at the half, but wild passing and poor shooting by the Warriors in the second half enabled the Cardinals to breeze to their 13th straight victory. John Turner led the opposition with 31 points. Don Kojis was high man for the Warriors with 21 points.

Marquette 85 — Detroit 63

Jan. 10, 1961—Marquette hit a "top twenty" Detroit team with a barrage of early baskets and went on to mutilate the Titans 85-63 at Detroit. Accuracy from the charity line enabled the Warriors to enlarge a 40-21 halftime lead to a 22 point final margin. They dropped in 19 out of 21 free throws in the second half. High scorers for Marquette were Ron Glaser, Dick Nixon and Don Kojis with 21, 20 and 18 points, respectively. Titan scoring aces Dave DeBusschere and Charlie North hit for 23 and 19 points.

St. Bonaventure 92 — Marquette 63

Jan. 31, 1961—St. Bonaventure, ranked second in the nation, downed Marquette 92-63 at the Arena. The Warriors held up well during the first half, trailing only 40-36 at the mid-point, but just couldn't keep up with the powerful Bonnies during the second half.

All-American Tom Stith had 41 points and teammates Crawford and Martin had 24 points. Don Kojis was high for Marquette with 12 points. Len Jefferson hit for 11 points, Bob Hornak had 10, and Erickson, Nixon and Glaser each had 8.

Marquette 87 — DePaul 64

Feb. 8, 1961—Marquette needed a strong second half comeback to defeat a stubborn DePaul quintet, 87-64 at the Arena. Consistent rebounding and balanced scoring were the keys to victory. The Warriors outrebounded DePaul 63-46, with Don Kojis capturing 26. He also contributed 24 points, followed by Dave Erickson with 12 and Bob Hornak with 10. Howie Carl led DePaul scoring with 29 points.

Howie Carl of DePaul drove for a layup between Andy Chuchvara (51) and Don Kojis (44). Marquette beat DePaul at the Milwaukee Arena, 87-64.

Marquette 88 — Xavier 79

Feb. 11, 1961—Marquette's sophomore studded squad remained oblivious to pressure as they sank 13 of 17 free throws in an overtime battle at Cincinnati. The 88-79 Warrior victory over a veteran Xavier team featured strong second half performances by Don Kojis and Bob Hornak. Kojis fired in 14 of his 23 points in the last 20 minutes and Hornak dropped in 11 of his total 15 in the second stanza. Xavier's Jack Thobe scored 24 points to take scoring honors for both teams.

Loyola 81 — Marquette 78

Feb. 14, 1961—Loyola proved to be a little too much for the Warriors, edging them out 81-78 at Chicago Stadium. The game went along at an even pace until the last few minutes. Ron Glaser scored on a layup, making the score 78-77. With 39 seconds remaining, Loyola's Mike Gavin hit on a jumper. The Warriors had a chance to go ahead when Don Kojis was fouled, but he failed to make the free throw. With the score at 80-78, the Ramblers' Jim Mini sank a free throw to end the game.

High point man was Loyola's Jerry Harkness with 26 points. For Marquette, it was Kojis, Nixon, Glaser and Jefferson with 20, 15, 13 and 12 points, respectively.

Coach Ed Hickey rose from the bench to protest a foul in the Drake game. The Warriors won a squeaker, 74-72.

Marquette 72 — Air Force 63

Feb. 18, 1961—Warrior height accounted for a 72-63 victory over the Air Force Academy in Colorado Springs. Don Kojis, 6'5", Dave Erickson, 6'7", Bob Hornak, 6'4", and Len Jefferson, 6'8" scored 80% of Marquette's points and were responsible for an impressive 55-31 rebound bulge. Kojis, high point man with 24, surpassed the Marquette lifetime scoring record of 1,355 set in 1959 by Mike Moran. Erickson dropped in 10 field goals, setting a personal game high of 22 points.

St. John's 85 — Marquette 69

Feb. 23, 1961—Nationally ranked St. John's dealt a decisive 85-69 defeat to the Warriors in New York's Madison Square Garden. After Bob Hornak dropped in a jump shot to give Marquette the opening lead, St. John's took a 3-2 lead it never relinquished. It was a case of an ice cold team battling a red hot one. All-American Tony Jackson and LeRoy Ellis led the Redmen to a 45-23 halftime lead and continued their rapid-fire point production in the second half.

Marquette 74 — Drake 72

Feb. 28, 1961—Marquette staved off a torrid Drake rally to defeat the Bulldogs, 74-72, at the Arena. A lapse in the early moments of the second half hurt the Bulldogs. Not until Marquette had increased its 38-35 halftime lead to 69-52 did the visitors catch fire. They cut a 17-point Warrior lead to two points and had a chance to send the tussle into overtime, but a desperation shot missed its mark. Ron Glaser returned to early season form, scoring 22 points. Don Kojis had 20 and Dave Erickson popped in 14.

Marquette 85 — Detroit 69

March 4, 1961—Marquette outshot, out-rebounded and outplayed a good Detroit team for the second time this season when it handed the Titans an 85-69 thrashing before 9,035 Arena fans. A tight first half ended with the Warriors enjoying a 43-41 lead. The second half saw the Warriors jump to a 15 point lead at 61-46. The Titans were hampered by fouls in the second stanza through the loss of their scoring aces, Charlie North and Dave DeBusschere. Marquette scoring kingpin, Don Kojis, collected 27 points and 19 rebounds to lead both teams.

In spite of 6'9" St. Bonaventure center, Bob McCully, Dan Kojis drove under the basket for a layup. Kojis averaged 21.7 points and 17.4 rebounds per game.

Louisville 75 — Marquette 50

March 6, 1961—Marquette got only 17 points in the first half as it fell before Louisville, 75-50, in a battle of NCAA tournament bound teams. John Turner, the most murderous Cardinal on offense, could have handled the Warriors by himself in the first half. He tallied 17 points to match the entire Marquette output. Turner finished with 25 points. The Warriors were held to 50 field goal attempts, about 30 less than average.

Marquette 77 — Xavier 74

March 9, 1961—Don Kojis made his last Arena appearance an unforgettable one as he powered his Warrior teammates to an aggressive 77-74 comeback victory over Xavier. The 6'5" senior provided almost half of his team's points and rebounds and more than half of its spark. His 29 points broke the Marquette season scoring record, adding another mark to a Warrior record book he already monopolizes. The first half was all Xavier, the Musketeers leading at the intermission point, 43-28. But a sizzling second half, led by Kojis, Ron Glaser and Bob Hornak, wiped out the deficit and provided the Warriors with one of their most exciting victories.

Marquette 88 — Kentucky 72

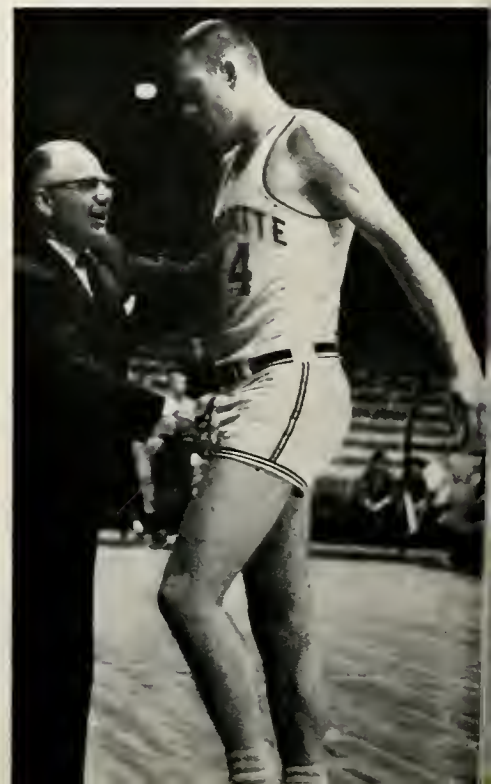

March 11, 1961—The Kentucky Wildcats suffered their worst defeat of the season, 88-72, at the hands of the Marquette Warriors at Chicago Stadium. The defeat stopped a Kentucky win streak at 10 games. High scorer for the game was guard Ron Glaser, who hit his long stretching jump shot with great accuracy. He scored 24 points. Don Kojis grabbed 22 rebounds and scored 21 points.

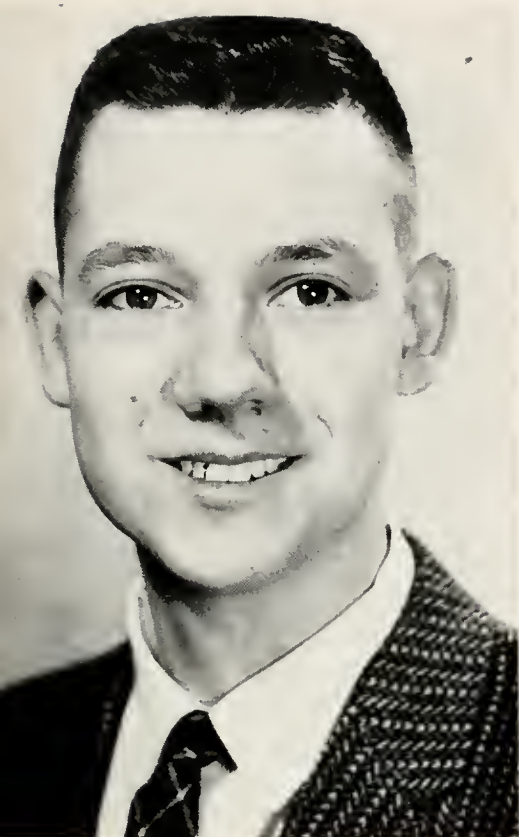

Houston 77 — Marquette 61

March 15, 1961—A 16-10 season record brought the Warriors a bid to the NCAA, but a strong Houston team ended any hopes Marquette might have had for tournament glory. Marquette suffered through several cold spells that had plagued them throughout the season and the result was a 77-61 victory for Houston. Marquette didn't score a basket until the game was six minutes old and had only seven points on the scoreboard with eight minutes left in the half. It was 42-18 at the intermission point.

Don Kojis

It is fitting to end the basketball section with a pictorial salute to Don Kojis who supplied much of the season's excitement. During his three varsity seasons at Marquette he broke eight MU records: most points in three seasons, 1,504; most points in one season (60-61), 578; most field goals in three seasons, 603; most field goals in one season, 232; most rebounds in three seasons, 1,222; most rebounds in one season, 462; and highest scoring average in one season, 21.4. Kojis is shown below from left; going for a jump shot against UWM, taking a water break, and coming off the floor from his last home game (Xavier) to be congratulated by coach Hickey.

Coach Jim Smith

Because all positions are going to be wide open on the 1961 Varsity basketball team, Coach Ed Hickey has closely watched the 1960 frosh cagemen under the direction of freshman coach, Jim Smith. The two best prospects are seen in 6'6" forward, Dave Culver and 6'8" center, Willie Kingsley, who are both outstanding rebounders. This year's freshman squad finished up with an 8-4 record, and placed five men in the double figures. They were Pete Vanderhyden, 13.9; Dave Culver, 13.4; Willie Kingsley, 13.2; Jim Paulson, 10.4; and LeRoy Weyenberg, 10.3.

Next year's probable starting lineup, as stated by Coach Hickey, will be selected from Dick Nixon, Ron Glaser, Bob Hornak, Len Jefferson, and Dave Erickson. The only starter lost this year by graduation was the well known #44, Don Kojis. This loss of course leaves a gap in the Warrior squad, offensively and defensively—a gap that will be quite hard to fill. The frosh of '60 are the Warriors' biggest hope.

Freshman Basketball

Dave Erickson showed the freshmen who's boss under the boards as he grabbed a rebound in the annual varsity-freshman tilt. Don Kojis (44) and Dan Van Ingen (25) stood by.

Marquette Track History

The Marquette track legacy, affluent both in its great meets and great performers, passed into oblivion with the close of the 1961 outdoor season.

The current multi-million dollar expansion program and the athletic financial deficit have joined to make the 1961 track chapter the final one.

Foremost in the long line of distinguished cinder men at MU has been Conrad M. Jennings, track originator in 1922 and coach through 1945. Under his patient tutelage, Marquette track blossomed from a mere phantasm into perhaps the outstanding sport in the school's history.

The first full fledged Marquette track star was Melvin "Bus" Shimek, two miler par excellence. Running from 1924-27 for the Blue and Gold, Shimek won the Big Ten and National Collegiate titles and suffered only one loss. He stayed on at MU after his graduation, serving as assistant coach. In 1946, he replaced Jennings as head coach and held that position through this year.

Jennings, Knute Rockne of Notre Dame and Ralph Young of Michigan State formed the Central Collegiate Conference track and field championships in 1925, and they have been held every year since. The CCC has come to be one of the hallmarks of Marquette track. The entries rose from four in 1925 to a record 59 in 1951.

Hilltop track stock soared again in 1931 when Jennings' stellar medley relay team set a world record in the Hamilton, Ont., International meet. Against New York university and a hand-picked Canadian team, John Sisk, Fred Sweeney, Pete Walter and Jack Walter bettered the existing record by more than a second with their 10:26.0. The foursome went undefeated that season, winning five relay races plus a number of dual meets.

Ralph Metcalfe, Marquette's and for a time the world's finest printer, began his illustrious collegiate career in 1932. Metcalfe's rise to fame was meteoric, and his success also focused light on Marquette.

Metcalfe was the national champion in the 100 and 220 yard and equivalent metrical races from his sophomore through his senior year, and he set every Marquette record in the sprints. He was second in the 1932 and 1936 Olympics in the 100 meters, losing both races by narrow margins.

In his tenure at Marquette, the Negro speedster, known as "The World's Fastest Human," equaled or lowered the world mark in the 40, 60, 100 and 220 straight-away and the 220 curve sprints and in the 70, 100 and 200 meter events.

In 1934, Marquette sponsored its first national AAU championships. The honor of sponsorship was repeated in 1937 and 1948. Marquette was also chosen to host the 1936 Midwest Olympic trials, the 1936 Olympic decathlon try-outs, and the 1944 and 1945 NCAA championship meet.

Coach Jennings turned out one of the better teams in 1939-41 when the Hilltoppers aligned 15 successive dual meet victories. Weighty contributions in this era were made by Edward Burke, a high jumper, who reached 6'10½" on one occasion in Madison Square Garden for a world's indoor record.

Shimek was promoted to head coach when Jennings became athletic director in 1946, and one of Shimek's first successful proteges was Kenny Wiesner. A consistent 6'8" high jumper, Wiesner went on and placed second in the 1952 Olympic games at Helsinki.

Marquette had won its own Central Collegiate just once (1940), but they made up for this showing by taking first place both in 1951 and 1953. Instrumental in these victories was Bobby Allen, a two miler whose best time was 9:27.7 and high and broad jumper John Bennett.

The legacy being left by the Marquette trackmen is indeed a handsome one, one in which the athletes and their coaches, Conrad M. Jennings and Melvin "Bus" Shimek, may well take pride.

Track

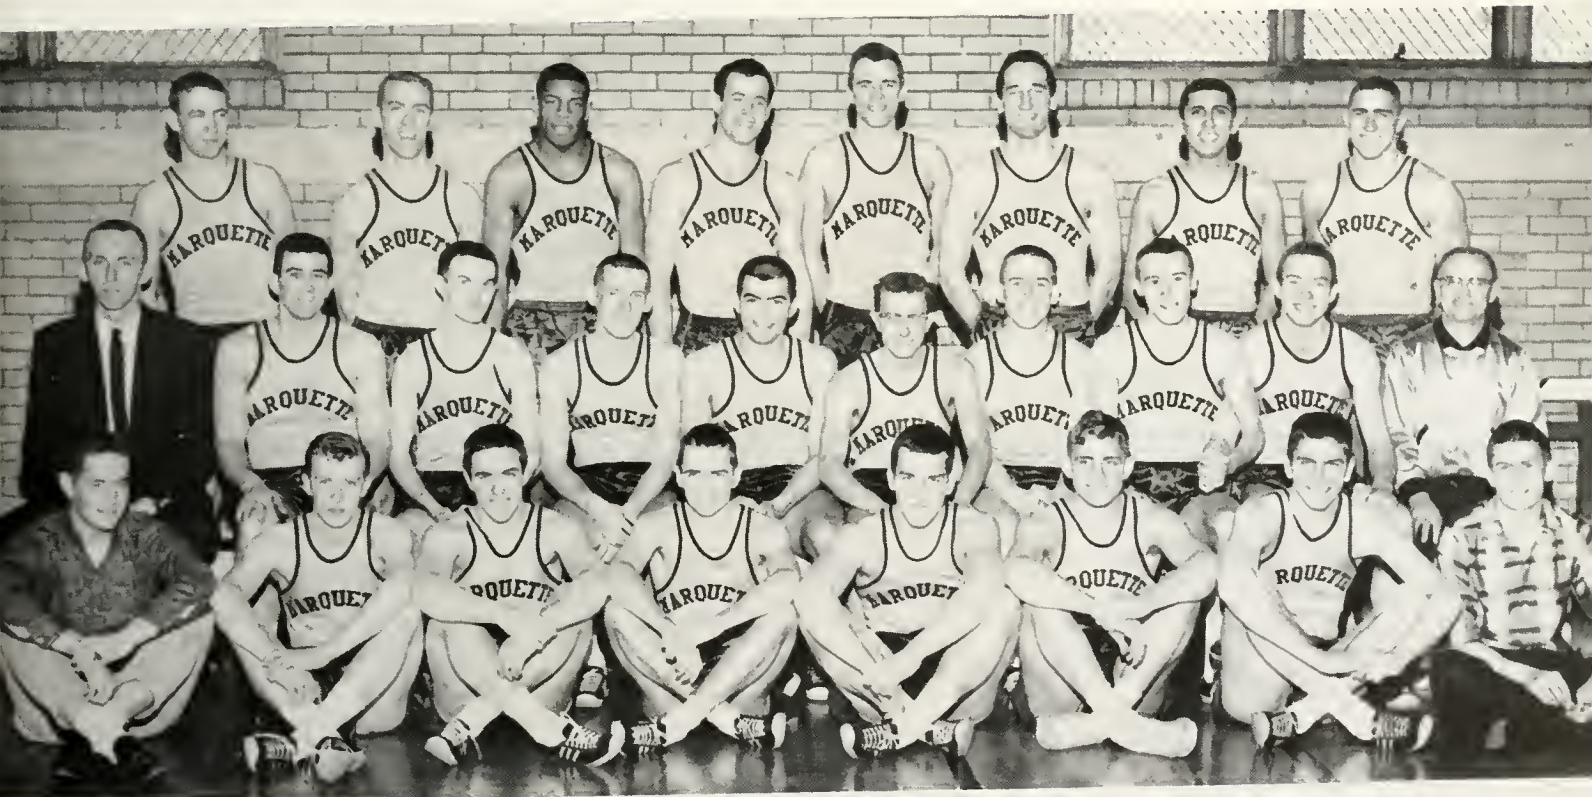

Led by pole vaulter Bob Verbick, the 1961 Marquette track team won one and lost two indoor meets and turned in some good individual performances in various meets.

Verbick vaulted 14'6" against Notre Dame for the best mark of his three-year career. Track mentor, Mel "Bus" Shimek, said Verbick would have hit that mark last year if it weren't for injuries.

Marquette started off the season with a 72-52 loss to Wisconsin. Terry Evans ran the 880 in 1:59.2 to finish first and Verbick captured the pole vault honors with a 13'6" effort.

Bo Viragh, Marquette's track co-captain, performed in the broad jump during the Central Collegiate track meet held at Marquette stadium.

On Feb. 11 the Warriors came back to trounce Northern Michigan 70-44. The MU trackmen lost to Notre Dame 64-39 on Feb. 17. Terry Evans turned in a snappy 1:56.6 half-mile to capture first place in that event while the mile relay team of Bob Lott, Bo Viragh, Roger Van Scotter and Bob Schaefer won their event in 3:29.2.

Marquette finished fourth in the Central Collegiate track and field meet on Feb. 25. The Warriors picked up only two firsts at this meet, Verbick vaulting 14-5½ and Terry Evans winning the 880.

The Western Michigan relays on March 4 saw Marquette grab only one first, Verbick in the vault.

The Warriors rounded out the season with their mile relay team finishing second to Oklahoma State in the Journal games and pole vaulter Verbick finishing second in the IC4-A meet.

Marquette's Dan Krause cleared the bar in the 400 meter hurdles during the Central Collegiate conference track meet last June. Marquette finished sixth in a field of 17 teams. Kansas university breezed to an unprecedented fifth straight CCC championship with 71 points, nearly 30 points more than second place Notre Dame.

Gymnastics

Coach Robert Lagerman was pleased with the gymnastics team's progress during the 1960-61 season. Despite the fact that the team never finished above fifth place, Lagerman felt that the individual members, mostly freshmen and sophomores, gained valuable experience that will count in the future.

The Wisconsin State Open Gymnastics Championship Meet opened the season Jan. 14 at Marquette's gymnasium. Teams competing in the senior division were from the University of Wisconsin, LaCrosse and the Milwaukee Turner organization. Jim Mulhall was a Marquette standout in the meet.

The team entered the Milwaukee Turner Skill Meet Feb. 4 and the State AAU Meet at LaCrosse March 4. Highspots for Marquette were the performances of Pete Black, an outstanding freshman prospect, Jim Pollock and Joe Milanowski.

The team closed out the season against Michigan, Illinois and Wisconsin in the Granville Invitational Gymnastics Meet March 25.

Wrestling

The wrestling team, led by captain Dan Finlay, whipped seven opponents in dual meet competition while dropping two. This gave the Warriors the best record in the 12-year history of the sport at Marquette.

In addition to the fine regular season performance, the squad grabbed a second place in the Wheaton Invitational tournament held Feb. 17-18. The Warriors then concluded their campaign with another second place finish, this time in the Wisconsin AAU tourney.

Finlay was clearly the leader in all respects. Coach Barney Karpfinger credited him with lending great assistance to the spirit of the team besides finishing his collegiate career with a 12-1 season mark.

He capped his tenure at Marquette by winning the 117-pound division championship at the Interstate Intercollegiate Interscholastic Invitational tourney in Cleveland, Ohio. Finlay also won the state title in the 123-pound class.

The only losses incurred by the Warriors were to Luther and the University of Chicago, while they dumped UWM, Bradley, Loras, Notre Dame, Carroll, Central State college and were also awarded a forfeit win over UWM.

Credited with shaping the fine record were Pat Gaeta, Terry Prueher, Norm Merz, Jerry Rusnak, Bill Tessler and Jim Trompeter.

Cooch Don Clark showed Steve Aschoff the correct grip for a forehand smash.

Coach Don Clark entered the 1961 tennis season with hopes for a better performance than the 6-6 record compiled by the 1960 team. Last year's team, hampered by losses through graduation, didn't live up to Clark's expectations.

Although the rebuilding program will take another year to reach peak efficiency, Clark hoped to achieve an 8-4 record in 1961.

The 1961 team was built around Ed Ogrin, the number one returning letterman, Brand Spangenberg, team captain, plus netmen Aschoff, Sullivan, Reffkin and Bremner.

Coach Charles Nader showed Al Berg the fine points of the interlocked finger grip. The Warrior golf team finished last year with a 3-1-1 record. Team competition in 1961 included Carroll, Beloit, UWM, St. Norbert, Ripon and LaCrosse colleges.

Intramural basketball is one of the most popular athletic activities. Above (left to right) two team captains, Denis Sroka and Richard Price, had a pregame conference with director Don Clark and referee Dave Schuetter.

Intramurals

Intramurals at Marquette climbed to all-time highs, with 20 activities included in the program this year. With basketball and football drawing the most attention, about 2,000 participants for the two, the facilities were tight pressed. Three basketball courts were used from 7-10:15 on most nights along with the boxing and wrestling rings.

In the all-University football championship playoff, the Jesuits upset the Evans Scholars by a 20-6 margin.

The basketball championship, decided in March in the single-loss elimination tournament, was the climax of the winter sports.

Spring activities included the golf and tennis tournament, the spring bowling tournament and the all-University track meet.

Other team activities in the program, directed by Donald A. Clark, were volleyball and softball. Individual sports included handball, table tennis, boxing, wrestling, fencing, weight lifting, dartball, badminton, gymnastics, skiing and judo.

John Carpenter found indoor track another intramural attraction.

Intramural football games were played at McCormack field. Teams battled through the season for the right to compete in the final play-offs for the championship.

Fencing offered students a chance to improve their timing and coordination.

Gymnastics, requiring balance and strength, was a rapidly growing student activity. Pete Black practiced on the rings while Tom O'Hare checked his form, an all-important factor in gymnastic competition.

A panoramic view of the gym showed three basketball games and gymnastic activities in progress.

Boxing is another intramural favorite. Pete Espito (left) and Irv Schiek sparred a few rounds warming up for the all-University boxing tournament, the highlight of the season.

Al Doyle took advantage of the weight lifting facilities.

SPIRIT OF MARQUETTE

The friendly atmosphere surrounding Marquette is formed by people—over 10,000 of them—representing every corner of the world. Their varied associations, activities, beliefs and backgrounds combine to build the “spirit” of Marquette. The spirit is, of course, as impossible to define as the many individuals who create it. However, the following section attempts to describe the whole by a pictorial glimpse of three of the parts: a liberal arts student who voices his attitudes toward study, activities, and the people around him; a lay professor with a bent for blarney and serious ideas about progressive education; and a Jesuit priest who is a master of the kitchen as well as the confessional.

This section attempts to reflect three campus personalities—three contributions to the spirit of Marquette.

THE WORLD OF A Marquette male is filled with many interests; classes, the Union, fraternities and dating are a few.

How much time will he devote to each of these activities? He is the only one who can reply to this question and upon his answer rests, not only his own future, but the future of Marquette tradition as well.

Jim Young, a liberal arts junior from Milwaukee, offers his answer:

"At Marquette, the individual can become exactly what he wants to become," he says. "He can come to college just to learn or just for a social life, or he can combine the two satisfactorily. It's up to him."

Jim plans to enter law school at Marquette and is majoring in history and minoring in philosophy. This past year he was president of Alpha Phi Omega service fraternity and has held such positions as co-chairman of the 1960 homecoming parade.

Developing leadership is one of Jim's primary concerns.

"A leader," he says, "is somebody who can listen to both sides of an issue and still make a firm decision."

He thinks it important that those in authority be strong enough to use it. As fraternity president, Jim has often found himself in situations where his decisions could have lost him friends.

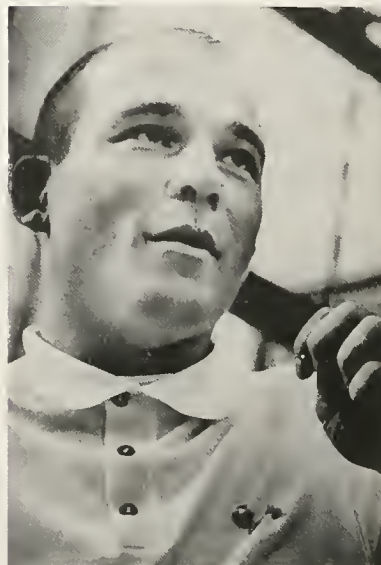

"I had to decide," he recalls. "This is a hard thing to do sometimes."

Jesuit instruction conforms to Jim's idea of a manly philosophy.

"The Jesuits don't pull punches; they're ruggedly honest about the truth," he says, "and yet they're

"Jesuits don't pull punches . . ."

"They're honest about the truth . . ."

"They can deal with people . . ."

sociable enough to know how to deal with people. They're familiar with the world and go to the same parties and activities that we go to."

Why did Jim devote his time to the job of president of APO? He believes a fraternity is an important aspect of a liberal education which enables students to put their ideas to work.

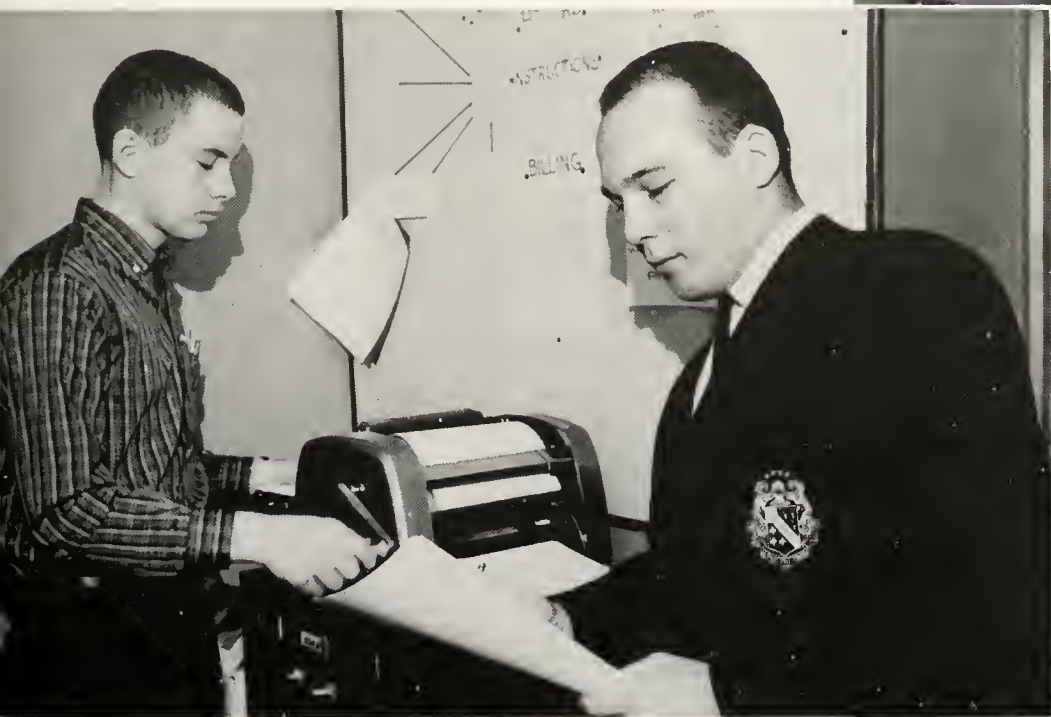

"A service fraternity such as APO takes pride in itself," he says. "People are united in a common giving rather than a common taking."

Jim doesn't ignore the social facet of college life. "Generally, Marquette coeds are easier to converse with than girls who have not gone to a coed college," he says, "and the classroom competition the girls offer makes them respected."

Marquette's greatest impression on Jim is its friendliness, equality and cooperation.

"At Marquette everyone is accepted on one level. There is an immense combination of students from richer and poorer families," he says, "and all of them are treated as equals."

"A leader listens to both sides of an issue and still makes a firm decision."

"In a service fraternity such as APO, people are united in a common giving rather than a common taking."

"Marquette coeds are easier to converse with than coeds from all-girl schools . . . the classroom competition they offer makes them respected."

THOMAS P. WHELAN is a professor of English with an impish grin and an abounding Gaelic wit who has taught and delighted two generations of Marquette students.

In his 38 years on the Marquette faculty, Doctor Whelan has taught courses in law, Greek, Latin, English and Irish literature. Through the years he has maintained a downtown Milwaukee law practice. A Who's Who in American labor relations, Doctor Whelan has had over 20 years' experience in arbitration. Presently, he teaches Shakespeare and English survey courses.

Doctor Whelan's students are treated to an academic fare of learned literary criticism, genial good wit and, occasionally, outright blarney.

When plagued by students who don't read class assignments closely, Doctor Whelan begins an inimitable cross-examination.

"Why doth Brutus bootless kneel?" he rumbles in a deep Irish brogue, "Poor Brutus is barefoot, isn't that so?"

The unwary student agrees and when the laughter dies down, he goes home to study his footnotes.

There are occasional breaks in the class tedium by outright tomfoolery. John McCormack records played in class is an annual St. Patrick's day ritual. One day, Doctor Whelan arrived sporting a newspaper with a banner headline.

"Have you heard the news," he shouted.

The heading: "Caesar Slain in Senate."

Born in Shragh, Ireland, on the banks of the Shannon, Doctor Whelan was educated in Ireland, Scotland and Italy. In his youth, he and his brothers were active in the Irish Republican army during that country's fight for independence from England. He acted as a liaison officer in the Irish forces and a registrar in a Sinn Fein court.

After his arrival in the United States in 1922, he received a master of arts degree from the University of Pittsburgh and a doctor of jurisprudence degree from Marquette in 1927.

Doctor Whelan takes genuine delight in his Shakespeare courses.

"Shakespeare's greatest qualities are excellence of character portrayal and his great poetry," he

Active in civic affairs, Doctor Whelan has had over 20 years experience in arbitration. points out. "His best main characters are Hamlet, King Lear and Falstaff. Of course, you can't really separate the characters from the poetry."

Doctor Whelan's concern for his students and the learning process itself, has made him critical of secondary education.

"Sophomore students today cannot express themselves as correctly, as easily and as incisively as their predecessors years ago," he says. "They lack the proper literary and historical background."

"However," he concedes, "they usually catch up by the time they are juniors and seniors."

"In the high schools there's not enough reading and writing demanded," he says. "The discipline of the classics is gone. The emphasis is on authors and segments of literature which may be forgotten after a couple of decades. If this trend continues, Chaucer, Spencer and Milton will be as foreign to graduating seniors as Virgil and Horace are now."

Although Doctor Whelan mercilessly needles his students into study, they are his greatest teaching joy.

"You meet a number of young ambitious people who probe, who question, who take an interest in the arts and sciences for their own sake," he says. "Meeting these young people is a compensation for all the drudgery of teaching."

"Why doth Brutus bootless kneel?"

"Poor Brutus is barefoot . . ."

"Wrong again . . ."

Active on campus, Doctor Whelan is the moderator of Crown and Anchor, an honorary literary society. The society invites local personalities to discuss topics ranging from modern poetry to socialism. *Below*, Doctor Whelan is surrounded by students Mike Ash, Paul Velde, Jerome Muller, and guest, Father Bernard Cooke, S.J., a professor of theology.

FATHER WILLIAM MCEVOY, known to most students simply as “Father Mac,” has many roles on campus. Chief among them are priest, teacher, counselor, cook, friend, solver of problems, interceder with authority and explainer to parents.

He can be seen walking down Wisconsin avenue at any time of the year with his cassock blowing in the wind. Often called the “apostle of Wisconsin avenue” by his admirers, Fr. McEvoy admits to over 600 converts since he came to Marquette in 1947. Most were students, particularly from the dental school, the nucleus of his activities.

Available at all times for counsel or confession, his method is 100% informal. He hears confessions at his office in the dental school.

“Come in and sit down,” he will say. “What can I do for you?”

Seated, as one friend casually talks to another, the sacrament of penance is administered.

“My situation here demands informality,” Fr. McEvoy says. “The students know they can come in at any time and I like the method because it’s effective.”

Father McEvoy hears 200 confessions a week in this manner.

As a teacher, he is an assistant professor of ethics at the dental school and of theology in liberal arts.

Asked what he thinks of the modern student, he answers:

“They’re a fine group of youngsters, but contrasting them with past students I would want to think a long time before answering. College is a must now—society demands it. As a result you have a large number of people who don’t belong in college. In my day it was unheard of for a student to be married in college. Times change.”

An army chaplain from 1943-47, Fr. McEvoy was with the Military Police School and spent most of his time in France and Germany. There he worked among American Disciplinary barracks as well as German prisoners of war.

“The Germans weren’t hesitant to come to confession because they didn’t think I understood the language,” he says jokingly.

Father McEvoy learned to cook as a boy in Williamsburg, Kansas, when his mother became ill. He

Since his arrival at Marquette in 1947, he has made over 600 converts, most of them dental students. *Lower left:* Marquette's chef-priest gives a piece of French toast a good turn. *Lower right:* Virtually available at all times for Holy Communion, Father McEvoy administers the sacrament to one of his dental students. later used the talent to finance himself at Kansas State Teachers college and Kansas university.

He established the dental school snack bar in 1950. There with a chef's hat perched on his head at a jaunty angle, he is still "king of the kitchen." His specialties are steak dinners, communion breakfasts, and Thanksgiving feasts.

Just down the hall from his snack bar and office is his small chapel. There Fr. McEvoy says Mass daily, and distributes communion at all hours of the day. When students approach him and ask to go to Communion, he obliges them. Last year, Fr. McEvoy distributed 52,000 consecrated hosts.

"Most of my boys are from the Dental and Engineering schools," he says, "but they come to me from all over, and when they're in a pickle, they always come to me."

KEMPSMITH

MILLING MACHINES

The famous Kempsmith line of Milling Machines dates back to 1888 when America's first real production surge was already in evidence. Today with more than a half century of experience as a background, Kempsmith continues to forge ahead in the industry. The well-known Kempsmith ruggedness, precision, speed and dependability are in keeping with modern high speed tools and methods.

More BRADLEYS Wherever Schools Are Built

● School authorities, architects and builders, PTA's all have insisted on the maximum in sanitary washing facilities—as witness the almost universal use of Bradley Washfountains in modern school buildings everywhere.

Bradleys provide more facilities in given space, reduce piping connections and installations by 70% or more, and save on water consumption.

With foot-control, hands are free to wash in the clean running spray of water. Hands make no contact with possible germ-carrying surfaces.

Marquette's College of Engineering, having passed its half-century mark, keeps ever abreast of its field's advances. Its high standing is ensured in large part by the close relationship maintained by the College with industry through its co-operative training program. This integration of theoretical knowledge and industrial experience produces confident young professionals, qualified and eager to survey the ever-widening horizons of a truly spectacular era.

Animal hide has served mankind since earliest civilization. Its strength and beauty are inherent qualities.

But the tanner's skill is responsible for its conversion to leather as we know it now, with its many rich colors and surface textures, its suppleness and built-in water resistance.

Pfister and Vogel is proud of its part in developing new tanning techniques. But it also recognizes a debt to the great centers of learning like Marquette.

Here old techniques in many fields are constantly re-assessed. Here chemical research paves the way for new techniques. And here, above all, the sense of challenge to do all things better is instilled in the hearts and minds of each new generation.

ROOM TO GROW

Harnischfeger is a good place to grow, to share in the future of a company that knows people are its greatest resource.

During the past 77 years, the people of Harnischfeger have given us the brains, the vision, the imagination, and the skill to build continually better products for the world's basic industries. The people of Harnischfeger have established a solid foundation of product quality and customer service to build on . . . to grow on.

Over the years, hundreds of Marquette University graduates have joined our company. They have grown with us to become important members of our organization—at every level in production, engineering, sales, administration.

If room to grow, and to develop your talents to the utmost, is important to you—then consider the possibilities Harnischfeger can offer you. Call Wayne Busse at ORchard 1-4400.

THE BIGGEST CHANCE IN THE WORLD!

One of the phrases young people often hear from their elders is, "If I had it to do over again. . . ." Now is YOUR chance to pick and choose . . . to mold your life and apply heart and head to the future, to make words such as heritage, courtesy, responsibility, friendship, good manners, hard work, and love . . . become a part of your life, a living standard for every tomorrow!

Believe, then act. Believe in yourself and your fellow man, then let your belief form a pattern for action. It's a formula for a life of accomplishment.

We hope sincerely that someday, no regrets will wrinkle your brow, or lost hopes scar your heart. We hope that you never will say, "If I had it to do all over again!"

WHAT'S HAPPENING IN TIME AND SPACE AT AC?

Both the present and future are on our minds at AC. Current programs include AChiever Inertial Guidance for Thor, Titan and Mace . . . Bombing Navigation Systems for the B-52 and B-47 . . . components for the Polaris weapons system . . . and mobile radio and telephone communications. As for the future, we are developing navigational systems for Mach 2 and 3 aircraft, advanced ICBMs and manned space vehicles.

To maintain our leadership in the electronics and guidance fields, we need top-flight men to fill positions of responsibility. If you are an engineering student and are interested in helping us chart a course into the future, why not inquire about AC's Program for Recent Engineering Graduates? For more information, contact your placement office or write to Mr. G. F. Raasch, Director of Scientific and Professional Employment, 7929 South Howell, Milwaukee 1, Wisconsin.

KOHLER SINKS

Accent of Color for Kitchens

Color gives a lift to your kitchen and to you —adds to the many good things "kitchen" recalls. Kohler sinks are offered in six sparkling pastel colors—each compatible with a variety of decorating ideas—and with that beauty is the long wear, easy care of the acid-resistant enameled iron sink.

The Hyka one-lever mixing faucet affords finger-touch flow and complete temperature control. Consult your Kohler dealer.
